

THE HALIBURTON COUNTY ECHO

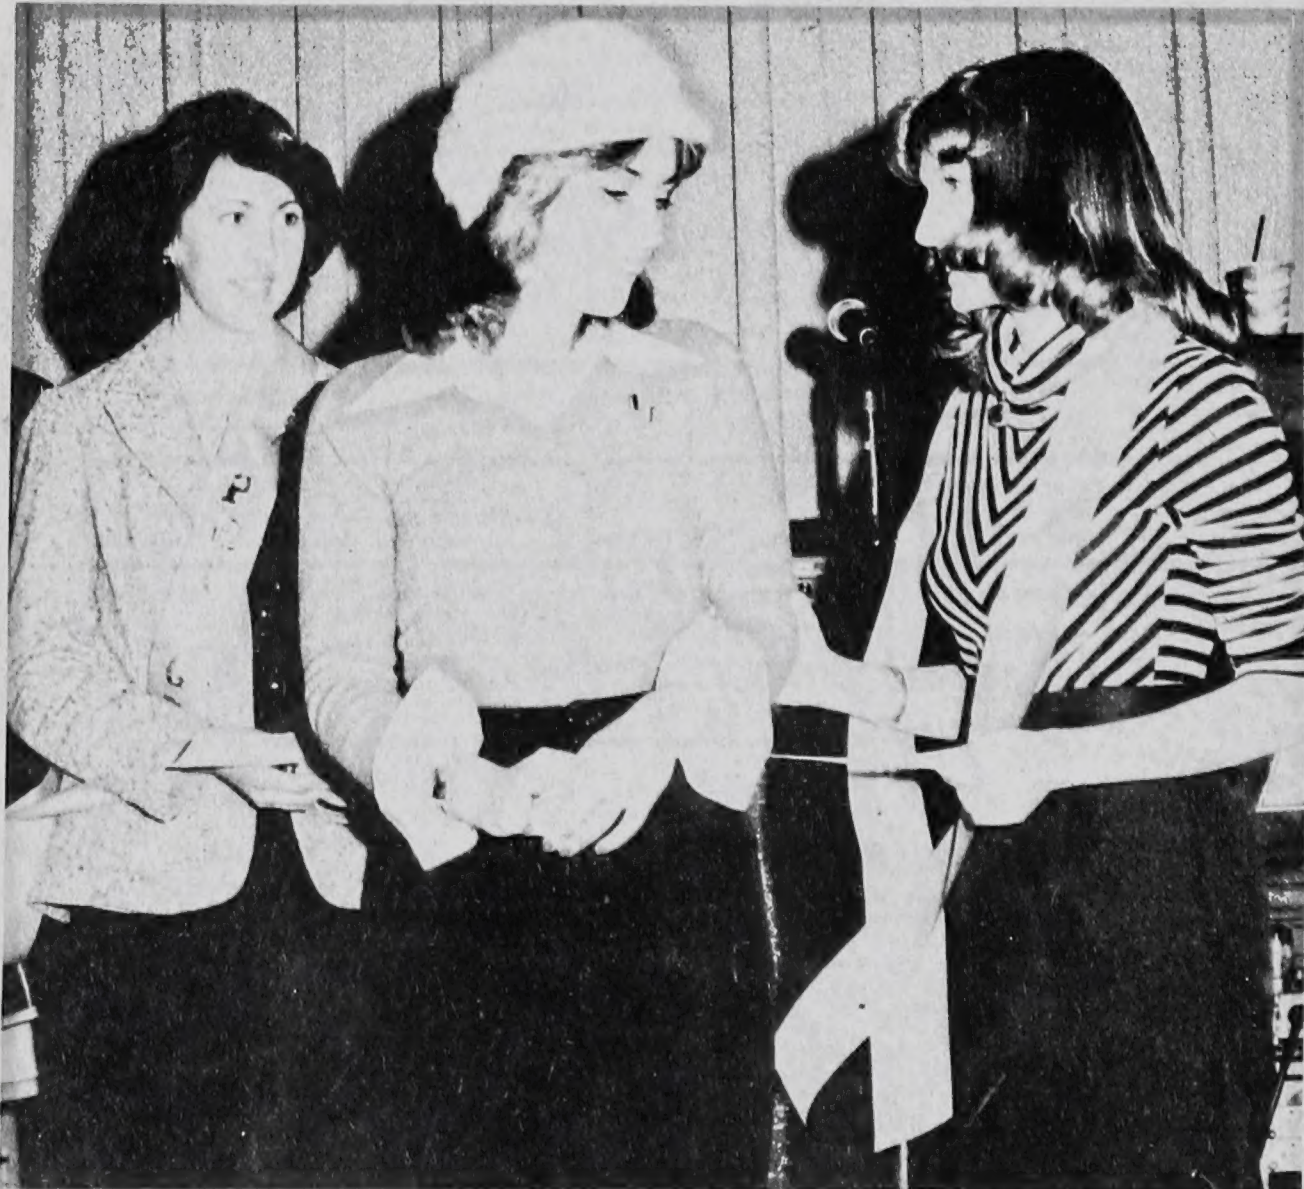

AND MINDEN RECORDER

Vol. 96 No. 27

"The voice of the Highlands"

Wednesday, February 22, 1978

12 Pages 20 cents

One of the highlights of this year's Haliburton Winter Carnival was the crowning of the Carnival Queen. Louise Fleming, centre, a 17 year old,

Grade 13 student at H.H.S.S. was selected. Here she is flanked by princesses Sharon Bell, left and Bronwen Jowett, right.

Warrant to be issued for Lutterworth records

A search warrant will be issued later this week to obtain Lutterworth Township telephone records from Bell Canada, Minden OPP constable Mike Maher said Monday.

Constable Maher is investigating the alleged misuse of a Lutterworth Township telephone credit card that last month led to the resignation of township Reeve Patrick Conaghan and Deputy Reeve A.O. Shingler.

Maher said Bell Canada is co-operating with the OPP in compiling records of 1977 phone calls totalling \$759 billed to the Township credit card. Some of those calls were placed to numbers as far away as Daytona Beach, as well as to a distillery, he said. The search warrant will be used to allow the release of the information on Lutterworth calls directly to the OPP, Maher said. "That way, Bell is not giving out information about a customer's number," without legal protection.

Once a complete list of calls is obtained, it will then be a matter of determining which calls were made on township business and which, if any, were made on the personal business of township officials. "The allegations were made about credit card calls," Maher said, "but all calls have to be checked."

"I'm trying to find out if there has been any wrongdoing," Maher said. "We don't really know whether there's a criminal offence yet."

If the information from Bell Canada indicates that numbers were called on the Township card that seem unlikely to have been on township business, township officials will be questioned, Maher said. Findings will then be passed on the Victoria-Haliburton Crown attorney Chris

Meinhardt for a recommendation about possible criminal charges.

Though no counter allegations have yet been made by either of the two ex-Lutterworth council members, Maher would not discount the possibility of such counter charges. "Where an

allegation is made, there is always the possibility of counter allegations," he said.

Following his resignation, deputy Reeve Shingle, through his counsel Donald Finn, "suggested that the matter be brought into the open" and "that a lot of other township accounts (be)

brought into the open at the same time."

Results of the investigation of the Bell information, should be known early next week, constable Maher said. It should also be known by then whether criminal charges will be forthcoming in the case.

One seat still vacant

Lutterworth names councillor

The Township council of Lutterworth last week moved to fill one of the seats left vacant by the recent resignations of Reeve Pat Conaghan and Deputy Reeve A.O. Shingler. Bill Prentice, owner of Prentice Roads, a Lutterworth mobile home and ski doo dealership, was named to the seat. He will be sworn in the council's next regular meeting March 14.

Lutterworth Deputy Reeve Ron Gamble said Prentice is "a substantial taxpayer" in the township, who has had a lot of experience in construc-

tion and labour negotiations. "He wanted to come in to help us straighten things out," Gamble said in an interview Monday.

Though Prentice has not run for council in any past election, Gamble said that to his knowledge "nobody in Lutterworth is against the appointment."

Councillors can be appointed to vacant seats at the pleasure of council, and need not necessarily have held or run for public office in the past. "It's a misconception for people to feel that the next

person in line gets the job," the deputy reeve said.

Gamble said the second seat will remain vacant for the moment, though council "has had a few people express an interest" in filling the seat.

The investigation into the alleged misuse of a Township telephone credit card that led to the resignation of the former reeve and deputy reeve is continuing and as yet "there's been no blame laid on anyone whatsoever," Gamble said.

"We're not witch hunting," he said. "Because its public

money it has to be checked out."

"The calls are there in black and white," he noted. "You can't hide them."

Gamble said he feels an open investigation of the affair is the best way to clear the air. "If we had swept this under the rug, any taxpayer could have come along and opened it up," Gamble said.

Word on whether or not the alleged irregularities in long distance calls will lead to criminal charges against any Lutterworth Township officials is expected to come from Minden OPP early next week.

Weather stays fine

Carnival is big success

The weather was the best it's been in the last ten years for the annual Rotary Winter Carnival last weekend, and every event went off without a hitch. People from near and far were in Haliburton for the three day event, which had enough variety to keep everyone busy. Overall, this year's edition of the Carnival was one of the most successful ever held by the Haliburton Rotary Club.

Events got underway Friday at the arena, when the Rotary met the Kinsmen in a hotly contested broomball battle that had many of the participants puffing. The Kinsmen came out ahead in the contest, holding the Rotary scoreless while the quick Kinsmen crew put the ball in the net three times.

The torchlight parade from Skyline Park to the arena parking lot saw dozens of snowmobiles with riders carrying torches, wind their way down the hillside in a dazzling display of light and colour. The riders were met by a large crowd on hand at the bonfire tended by the Haliburton Fire Department.

The kick off dance at the Legion was well attended, as was the teen dance at the high school. Louise Fleming, a 17 year old grade 13 student at Haliburton Highlands Secondary School was crowned

Queen of the Carnival at the dance. She reigned over the rest of the weekend activities along with her two princesses, Sharon Bell, 16, a grade 11 student, and Bronwen Jowett, 17, a grade 12 student.

Saturday was the big day of this year's carnival, and there were so many events taking place that it was virtually impossible to take them all in. From 7:30 to 9:30 a.m., early risers got a start on the day with the Trapper's Pancake Breakfast, held at the Legion Hall. At 8 a.m. the curlers took to the ice for the Hiram Walker Bonspiel, and at 9 a.m. the Chalkdusters Hockey tournament began.

Ear splitting noise was the order of the day on Head Lake Saturday morning, as the time drags for snowmobiles drew participants from as far away as Peterborough and Port Perry.

Winner of the 250 fan class was Gary Pringle. Winner of the 340 fan class was D. Rankin of Port Perry. In the 440 fan category it was Kelly Goreski of Ashburn tripping the clock in the quickest time.

The 250 F/A class win went to Bill Logan, while Jim Overland took the 340 F/A class. Vince Hammond of Haliburton was the overall winner in the 440 F/A class drags.

Among the modifieds, it was Rick Hickson of Peterborough clocking the quickest run. Hickson also took the 340 modified class, while Brant Colman of Minden shut down the competition in the 440 modified division.

Those who wanted the ride of a lifetime and a chance to take in some of the beauty of Haliburton County in winter at the same time could do so by going up in the Hughes 500 helicopter that was on hand at Head Lake both

Saturday and Sunday. There were also free horse drawn sleigh rides for those who preferred the scenery seen from ground level.

The bed race on main street Saturday afternoon delighted the crowds, as the costumed crews struggled to keep their fragile and hard to handle beds headed in a straight line. The Rotary Club, with long years of experience in the art of making and racing beds, easily took the Kins-

Cont'd. page 3

Council is unhappy with road changes

Haliburton County Council wants the Ministry of Transportation and Communications to take a second look at the modifications that were done last fall at the intersection of Highways 35 and 121. Council thinks the changes have created more problems than they've solved.

Work on the intersection included changing the profile of the hill on 121 and building a new approach ramp off of highway 35. Work on the project began last September, and is expected to resume in May, with completion date

set for two months after work is restarted.

Council's main complaint is that the changes in the shape of the hill on 121 and in the curve of the approach ramp, have made it more difficult for loaded trucks and other heavy vehicles to ascend the hill, particularly in winter conditions. Council also feels the curve at the crest of the hill creates an optical illusion, making it seem to an eastbound driver that an approaching west-bound vehicle is on the wrong side of the road.

Douglas White and Stewart McCombie, officials from the MTC's Huntsville Office, were at the meeting at council's request.

Dysart et al Reeve Murray Fearrey said council was under the impression that six feet would be taken off the crest of the hill and the overall grade lessened, "but we can't see there's been any improvement in the grade at

Cont'd. page 2

Two held at gunpoint, OPP arrest man

A 35 year old Washago man who held two men at gunpoint for 45 minutes last Tuesday has been charged with pointing a firearm and possession of a firearm dangerous to the public. Minden OPP say John A. Waterman was charged following an incident at Redpine Lake.

The OPP said Cliff Lewis and Edward Holcomb, both of Orillia, were at Lewis' cottage on Redpine Lake last Tuesday morning at about 10 a.m. when the two were confronted with a man wearing a balaclava and pointing a rifle at them. The man, who

arrived by snowmobile, removed the balaclava at one point during the confrontation, and was recognized as Waterman by Lewis.

The two were held at rifle-point while Waterman, who is an employee of Lewis's, discussed matters relating to Waterman's employment, the OPP report.

Waterman left the scene, and was arrested in Orillia the following day by Orillia OPP acting on information from the Minden OPP.

Waterman was scheduled to appear before a bail hearing in Lindsay this week.

Shotgun blast injures area man

A Wilberforce man is in Peterborough Hospital with serious shotgun wounds to his left leg following a freak accident late last Monday night.

Donald Bradley Fenney y, age 18, of Clement Lake Road, was injured when the 12 gauge shotgun he was carrying went off.

Minden OPP say Fenney was bothered by what he thought were raccoons around the house at about 11:45 p.m. last Monday night. He got out of bed stepped out onto the porch, taking the loaded 12 gauge shotgun with him. Fenney apparently slipped and the shotgun discharged, striking him in the lower left leg. The youth managed to drag himself into the kitchen, where he was assisted by his mother, Norma Fenney.

He was taken to Haliburton hospital by ambulance, and was later transferred to Peterborough Civic Hospital.

Jim Fenney, brother of the victim, said in an interview Tuesday that Donald will probably be in the hospital for the next two months. It is expected that his badly damaged foot can be saved, through extensive surgical work will be required.

The victim will have to spend at least 6 months in bed, his brother said.

The Haliburton Rotary Club put their years of bed racing experience to good use Saturday as they

edged out a game Kinsmen team for first place honours.

Landing site licensed by MTC

Air ambulance now available

The Ministry of Transportation and Communication has agreed to license a helicopter landing site in the village of Haliburton, but only one helicopter will be authorized to use it. The heliport, located at one end of the playing field of Haliburton Highlands Senior Elementary School, will only be used by the air ambulance service which flies out of Buttonville Airport, near Toronto.

The MTC suggested the playing field as a possible site after an examination of the hospital parking lot by Ministry officials revealed there were too many obstructions near the lot to allow a helicopter to land safely. At a recent meeting, the Haliburton County Board of Education unanimously approved the use of the playing field for air ambulance landings.

Dysart et al clerk Wayne Wood, who is also supervisor of the Haliburton Ambulance Service, said official approval of the site should come from the MTC within the next few weeks.

Funded with an \$800,000 grant from the provincial government, the air ambulance service is an experimental, one year project, which began operation in October 1977. It is being operated by the Ambulance Service Branch of the Ministry of Health, and may become a permanent service if sufficient need for it is demonstrated over the one year period.

The helicopter, a Bell 212 powered by two jet turbine engines, was leased from Toronto Helicopters for the duration of the project. Two pilots are aboard the helicopter on all flights, and there are five pilots taking part in the project.

The helicopter has been extensively modified for its role as a flying ambulance. On board are stretcher beds that can handle four patients, and a wide range of electronic medical equipment, including a cardiograph, defibrillator, respirators, oxygen, an incubator, intravenous apparatus, and a supply of medications. The usual high noise level inside the machine has been substantially reduced by sound proofing materials.

Stored in a special hangar at Buttonville Airport in Don Mills, the helicopter is on call

Man cleared of theft charge

A Fort Irwin area man who had been charged with taking a vehicle without the owner's consent and theft over \$200, was cleared of those charges when he appeared in court in Minden last Tuesday.

Robert T. Lambie of RR 1, Haliburton was charged by Minden OPP following an incident at Sir Sam's Inn, December 28, in which Lambie was alleged to have taken a snowmobile owned by Robert J. Allan of Whitby.

from 9 a.m. to 9 p.m., seven days a week, and can be airborne and on its way to an

accident victim within two minutes of receiving a call.

Cont'd. page 12

Keith Tallman named Warden

Keith Tallman, deputy reeve of Monmouth Township since 1973, was appointed Haliburton County's Warden for the remainder of 1978 at a meeting of County Council last Wednesday. Tallman fills the seat vacated by the resignation of Lutterworth Reeve Pat Conaghan, who had been appointed 1978 Warden, but who left County and Township council following alleged telephone credit card irregularities in Lutterworth Township.

Tallman has been a member of Monmouth Council since 1967. He is also chairman of the recreation board in Monmouth, and is a member of the arena building committee. He has been a very active curler in the community until this year, when he says the pressures of his many commitments forced him to curtail that activity somewhat.

Tallman says the major event in the County's year should be the completion of a planning study which is currently underway, and which council hopes will be finished by the end of 1978.

Other than the regular business of running the County, Tallman says, he can't foresee anything major looming on the horizon for this year's council. "It looks like its going to be a quiet year," he says, "but you never know. Things can erupt very fast."

Victoria-Haliburton MPP John Eakins, who has present at the meeting last Wednesday, noted that Haliburton County has "a great history of effective and dedicated wardens" and expressed confidence that Keith Tallman would be one of them.

The action was fast and furious on Head Lake Sunday in the oval snowmobile races. Several drivers were injured in spills, but none seriously.

County agrees with Grey resolution

Haliburton County Council could see no harm last Wednesday in endorsing a resolution from the County of Grey calling for sweeping changes in the local school board system as it exists across the province. But council was convinced it wouldn't do much good either.

The Grey County resolution, which has been sent to municipal councils across the province, for endorsement, calls on the Ministry of Education to "consider restructuring the present system of local boards of education to make the Ontario educational system more responsive to the needs of the people."

The resolution notes that the cost of education has increased each year to the point that current education levies account for more than half of municipal levies, and says the trend "shows no sign of abatement". The present system is also "top heavy" in administrative and consulting staff who are paid salaries that "do not reflect community levels", the resolution says.

The resolution also claims that "the present system of representation on local school boards has not been responsive to community opinions as regards cost and quality of education."

Final point in the Grey County letter is that under the provinces pending tax reform scheme, recently outlined by provincial treasurer Darcy McKeough, "the share of the cost of education of the local

municipalities would appear to be increased dramatically."

A discussion of the merits of the resolution was cut short by Stanhope Reeve Sinclair Nesbitt, who told council "there is no point in this" (the endorsing of resolutions on education reform). "If we really want to do something we should form a committee and meet with the Minister of Education" Nesbitt said. He moved that the resolution be filed.

Council agreed with the motion, but a few minutes later a second resolution, this

one from the County of Frontenac which also complained of the rising cost of education levies, was put before council. Glamorgan Reeve Robert Fotheringham was in favour of it, saying "it won't do us any harm to endorse that". Council decided to reverse its earlier motion to file the Grey resolution, and endorse it along with the one from Frontenac.

Both resolutions will be forwarded to the Minister of Education with notice that Haliburton County Council endorses them.

County flags keep disappearing

Haliburton County council has a problem with its flags. Council thinks the Canadian and provincial flags that fly from poles in front of the County buildings in Minden should stay where they are, but area vandals apparently think otherwise. The flags have been disappearing regularly and neither they nor the vandals who remove them have been seen again. The poles are presently bare after the latest theft occurred earlier this winter.

At their meeting last Wednesday council paused from regular business to discuss the problem briefly, and the solutions they came up with ranged from purely practical to amusingly inventive.

One suggestion was that a County employee should be given the task of raising the flags each morning and removing them at the close of each working day. It was quickly pointed out however, that the cleats to which the flag ropes are attached have been raised up out of reach on the pole, in an earlier attempt to foil vandals, so raising and lowering the flags would require a ladder. Council

didn't think anyone should have to climb a step ladder twice a day to put the flags up and down.

Another suggestion was that ropes should be removed entirely and the flags should be permanently attached to the poles. Council thought a bucket truck could be used for the task, sometime when it was being used for other jobs in the area.

It was also suggested that the losses, may be covered in one of the County's insurance policies. That possibility was to be looked into for confirmation, council decided.

Most novel solution to the problem came from Warden Keith Tallman, who suggested that the flag poles should be covered with a light coat of vaseline, making it practically impossible for vandals to shinny up the poles to get at the flags. Tallman, who is deputy reeve of Monmouth Township, said the solution had been tried with some success in that Township. Council took no definite action on the matter, but decided to give it further consideration at a later meeting.

How about tomorrow?

Make sure now that you'll have adequate income to enjoy your retirement years. The little you save now on a regular basis will mean a lot when your pay day years are over. Put your savings into a Victoria and Grey Registered Retirement Savings Plan.

Road changed

From page 1

Douglas White, said the grade on the hill is now 7 percent, and was nine or ten percent before. "It's maybe not as obvious as you thought it would be" he told the council. White assured council the specifications were exactly as had been called for in the original drawings for the project, which were completed in 1975.

Stanhope Reeve S. Nesbitt told the MTC officials that tractor trailers could no longer get up the hill, and that several complaints had come to the County office from truckers using the road throughout the winter.

Dysart et al Reeve Murray Fearrey maintained that the crest of the hill has been lowered, but that the road level had also been lowered at the base of the hill, resulting

in little if any reduction in the grade.

The Stanhope reeve asked the MTC officials if the specifications could be looked at and changes made to reduce the severity of the hill before the project is completed.

A temporary paving coat was placed on the roadbed for the winter, but more paving work will be done before the project is completed.

Council was assured that the MTC would look into the problem, and that there was a possibility of changes being made to make the hill more acceptable to the majority of council.

Minden OPP investigate 8 collisions

Eight motor vehicle collisions were investigated by the Minden detachment of the OPP during the week of February 13 - 19.

During this period the staff investigated 40 general occurrences. Three break-ins were reported, and seven people were charged with snowmobile violations. In addition, four cottages were found insecure and two compassionate messages were delivered.

Carnival weekend a success

From page 1
men in the final race of the day to win the title. The carnival parade, though short, had some impressive floats, and few could resist the attraction that a parade always has for young and old alike.

The cross country ski tour drew many entries, and most of those who set out for the ten kilometre tour managed

to go the distance. Whoops of laughter and squeals of delight were the order of the day at Victoria Street School as youngsters and the not-so-young slid down the hill at breakneck speed on crazy carpets. Getting up the hill proved far harder than gliding down it for many people, but most sliders were not deterred. On Sunday, the championship games of the chalkdust-

ers tourney got underway. Norwood won the championship, with the Haliburton team taking the consolation round.

The snowmobile races on the oval track on Head Lake proved a crowd pleaser, though the track was dangerous, and several drivers were injured in spectacular spills. Fortunately, none of the injuries proved serious,

though the ambulance was kept busy ferrying damaged drivers to hospital. Complete results of the races can be found on the Sports page of this week's Echo.

Other events throughout Sunday included the Echo cup snowmobile race, which was won by John Coneybeare

and the fish derby contest weighing. Jean and June Henderson of West Guilford caught the winning fish only minutes before the contest closed.

The day closed with free public skating at the arena sponsored by the Kinsmen Club.

Haliburton second

Norwood takes tourney

Norwood won the second annual chalkdust tourney and the local Haliburton entry won the consolation, in the two day event at the Dysart arena over the weekend. Due to the late withdrawal of Uxbridge from the tournament, it was Haliburton against Haliburton in the consolation final with the "B" team defeating the "A"

team 6-4, in a real thriller on Sunday.

Sid Cooper put the "A" team in the lead, then Glen Scully made it 2-0 before the "B" team got on the score-sheet when Bill Johnston put one in the net.

In the second period Well- es Robertson gave the "A" team a 3-1 lead, but before the second period ended the

"B" team tied it up on goals by Roger Bain and Johnston getting his second of the game.

In the third period the "B" team just had the legs as they out scored the opposition four goals to one as Mike Pearsell, Roger Bain and Bary Brohman scored for the "B" team. The single "A" team scorer

Cont'd. page 6

Parade draws large crowd

The streets of Haliburton were lined with people Saturday afternoon for the winter carnival parade, and though the parade was small, the quality of the floats left no one disappointed.

The procession, led by the Haliburton Legion Pipe Band, began at the arena and made its way down the main street before turning down Station Street and heading back to the arena.

As usual, there was a colourful array of floats to brighten the winter afternoon, and to lift the spirits of those who lined both sides of the street.

Best merchant entry award went to Nancy's Flowers. Second was the float entered by the Bank of Montreal. Both awards were sponsored by the Rotary Club.

The award for the best heritage entry, sponsored by the Kinsmen Club, went to the Haliburton Guild of Fine Arts float.

The award for the best overall float in the parade went to the students of Haliburton Highlands Senior Elementary School. The award was also given by the Rotary Club.

Carnival organizers say they were pleased with the response of both merchants and others who put a great deal of time and effort into their floats.

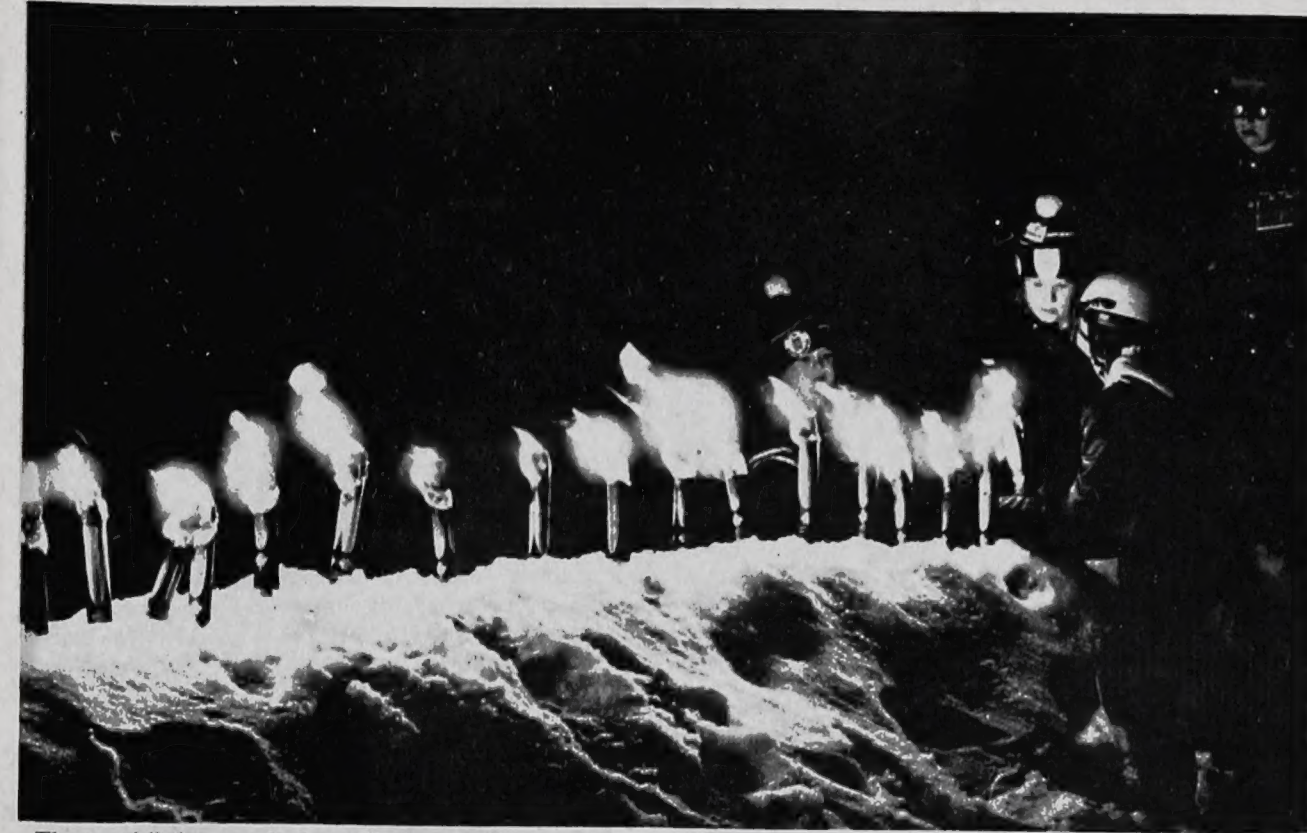

Youth, experience, clubs wonder

It was youth versus experience in the battle of the service clubs this past weekend at the annual winter carnival, but the results proved inconclusive. When the score sheets were in, the Kinsmen had beaten the Rotary Club in one event, but the Rotary whipped the Kinsmen in the other.

Friday night the two clubs paired off in a broomball game at the Dysart arena, and youthful Kinsmen puffed a little less and ran a little faster to shut out the Rotary 3-0.

The next day the two again met in head to head competition in the bed race, and this time age made little difference. The Rotary are veterans of the bed race circuit in Haliburton, and they proved unbeatable. The Kinsmen showed they were game though, if only second best, and the rivalry provided a lot of excitement and laughter for the spectators who cheered their favourites on.

At the end of the two round contests, with the score one win a piece, both sides could be heard talking about next year, when the question of whether its better to be young or experienced, may finally be settled.

The torchlight parade from Skyline Park proved a colourful scene on the first night of the winter carnival Friday. Here one of the riders places his

torch alongside those of others who have completed the run.

Who says fishing is a man's sport? Brian Black, Chairman of the Winter Carnival, presents the award for the largest fish caught during the carnival. The winners are from West Guilford and are sisters Jean and June Henderson, who landed a seven lb. 4 oz. lake trout out of Maple Lake, just one hour before the contest closed. The winners would not reveal the secret bait that they were using.

This bed didn't quite make it to the finish line Saturday. In fact, it went only a few feet from the starting line before breaking down. Here members of the crew and sympathizers assess the damage.

Snowmobile races are held Sunday despite dangerous track condition

The annual snowmobile drags went off on Sunday despite what one organizer termed "dangerous conditions". Pat Kennedy, organizer of the events, called the participants together and informed them the decision to race was left to them because of the condition of the track, which he felt might cause some concern to the drivers' safety.

The 5 km cross country race for the Echo Cup was won by

on with the events and treated a large crowd in attendance to some fine thrills, as the high powered machines tore up and down the track on Head Lake. A crew of ambulance attendants were situated on the lake and were forced to make three trips to the hospital, but the injuries were all of a minor nature.

The 5 km cross country race for the Echo Cup was won by

a local entry, John Coneybeare, driving an Arctic Cat, took home the trophy. It was the year of the cat as over half the entries were driving Arctic Cats.

The Peconi entry from Peterborough, who had a fast machine, ran into bad luck in more than one event. In the first race he accidentally pulled the kill switch and was left standing at the starting line. In the next event the same

machine was running second when he blew a belt and was forced out of the race.

In the next race this machine was involved in a collision on number three turn and both drivers escaped injury.

Despite the track conditions on number three and four turn, most of the pile ups happened on one and two, which was the corner that appeared to be in better condition.

Crazy carpet riding drew large crowds at Victoria Street school Saturday. Moms and dads enjoyed

the thrill of a ride alongside the children.

The thrill of a quick ride on a crazy carpet can easily be seen on the face of this youngster.

This Hughes 500 helicopter was on hand Saturday and Sunday to give people a bird's eye view of the

beautiful winter scenery around Haliburton.

The Grade six class at Haliburton Highlands Senior Elementary School won first place in the snow sculpture contest Friday with their rendering

of three seals. The judges had a hard time picking a winner from among the numerous excellent entries.

Echo Editorials

Carnival organizers deserve thanks

Once again the Haliburton Rotary Winter Carnival has come and gone leaving behind warm memories of events, both for participants and spectators and an appreciative word of thanks from all goes to the organizers of the 1978 winter carnival.

In other years if we had a winter carnival which didn't come up to expectations we could always blame it on the poor weather conditions we were faced with. This year we couldn't use this as an excuse as the weather for the entire weekend was ideal. In other words as far as the weatherman was concerned we couldn't have asked for anything any better. The weather was excellent for the occasion and the carnival was possibly one of the best in its ten year history.

Hundreds of people were given the opportunity to enjoy winter and participate in the annual round of events which make up the Winter Carnival. Out-of-towners took the opportunity of the winter carnival to visit friends in Haliburton and area and take part in our winter games.

Right off the top a word of praise to Brian Black that hard working carnival chairman who worked day and night, week after week, to see that everyone was doing their job. Our thanks to Brian, the members of the Rotary Club, the Kinsmen Club and all those in the community who pitched in to help.

A special thanks should go to the Kinsmen Club of Haliburton who took on the large task of running the Snowmobile Races on Head Lake on Saturday and Sunday.

Some of the more popular events at the Carnival were the helicopter rides which attracted many people, the bed races, the 10 km cross country ski tour and the snowmobile races.

Another added attraction this year was the two hour free public skating session which was sponsored and paid for by the Kinsmen Club. This event proved to be very popular. Some people who never had skates on all year took the opportunity to go skating on carnival weekend. The Chalkdusters hockey tournament was also a great success with teams being represented from all parts of Ontario.

So it's hats off to all who helped make the 1978 Winter Carnival the success that it was, and let's hope it will remain a treasured part of winters to come.

Food for thought

The Dysart Community Centre seems to be a busy spot seven days a week with hockey, figure skating, public skating, hockey practices and games. From what we can see the management are running into the problem of working with a very tight schedule and every hour seems to be taken up.

For the past few weeks the general public seem to be on the pros and cons of public skating. Some are claiming that there just doesn't seem to be enough ice time for skating while others think that another evening during the week should be opened up for all those who are interested in skating.

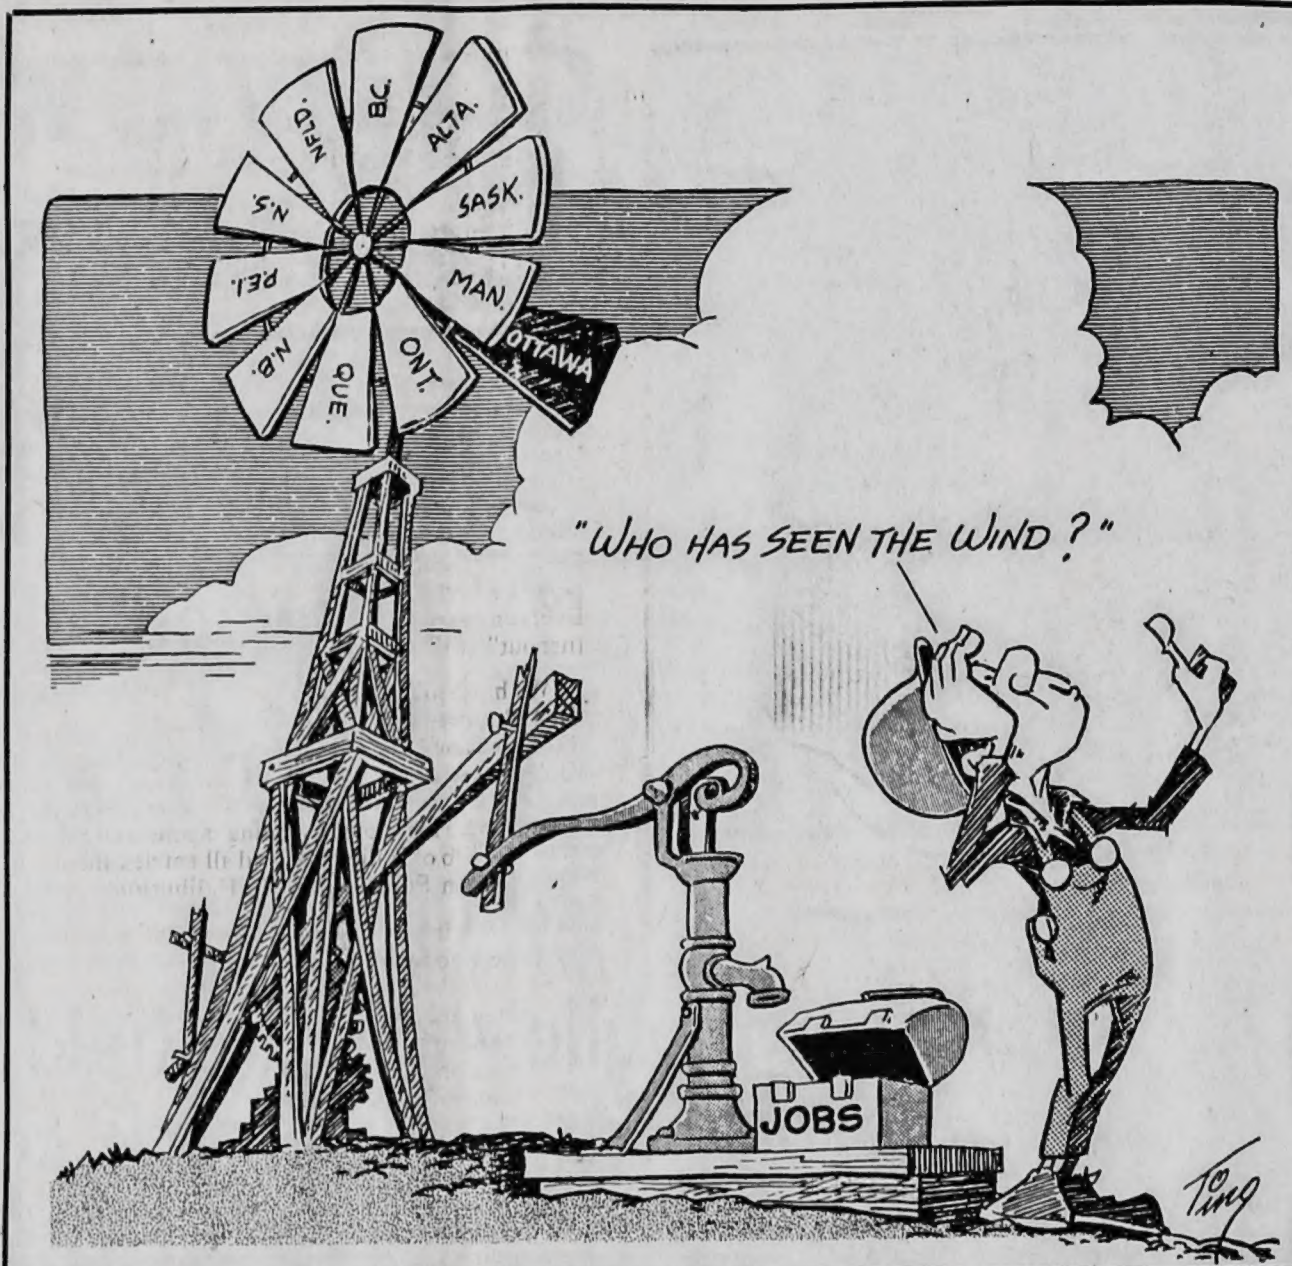

On Sunday afternoon last the Kinsmen Club of Haliburton through their generosity to promote public skating paid for two hours ice time so that everyone could go up to the arena and to get some good exercise and enjoy free public skating. The public showed their appreciation by turning out in large numbers and to sum it all up one of the largest crowds ever to skate at the local arena filled the ice surface.

Although this two hours was a success from the point of attendance many of those who were skating came back to us with several complaints. One of them being that there was very little or no supervision of the skaters. Some smart alecks were skating around in a wild fashion with no regard for the little kids and in one particular case a little girl was knocked to the ice and could have been badly hurt.

When it comes to public skating we have some suggestions that should be made. They are as follows. Everyone should be made to skate one way instead of many skating all over the place and if this continues some kid is going to be badly hurt.

Another complaint and suggestion that should be made is the fact that the music for skating is anything but ideal. They are playing rock and roll records while good waltzes or dixieland type music should be played.

Public skating can be worked into a successful venture with a bit more publicity and some changes that must be made.

Letters to the Editor

Dear Sir:

It is hoped that a detective story without murder, fraud or other crime may be sufficiently novel as to win space in your paper.

This is such a story of a Canadian Army unit that served throughout Europe WW2. This unit, the 65 Tank Transport Coy, RCASC was disbanded in Holland in 1945. Ex-members departed for civy streets in every part of Canada and contact between individuals was lost.

Twenty eight years later, two former members met in Flin Flon, Manitoba and speculated on what had happened to their wartime friends. 28 year old trail is a cold trail and difficult to follow. The first answer was a shock, a man remembered as a happy joking youth and unit favourite was found dying in an Edmonton hospital. A notice in the Legion Magazine produced eight replies, all from the area between Sydney, N.S. and Powell River, B.C. (a truly generous hunting preserve). The search became a chain reaction as the members when found joined in the endeavour. After some progress had been made, the undertaking was organized by province with exchange of information. Leads were dredged up from memory, unit daily orders (source Ottawa records), from old address books, phone books, old photos etc.

Four and a half years of detective work has located 210 living ex-members and about 35 deceased out of a possible of about 700. The search continues.

Will anyone reading this, please check with your WW2 army acquaintances, if a 65th be found, please advise him of a company reunion to be held at North Bay, Ontario, July 7-8-9, 1978. For reunion details and other important information,

he should contact Maurice Rainsforth, P.O. Box 1071, Stirling, Ontario, 613-395-3052 (or the writer).

Please accept the thanks of the men of the 65th for this valuable space in your paper.

Sincerely,
L.L. Purdy,
P.O. Box 145,
Waterloo, P.W. JOE 2N0

The Editor:

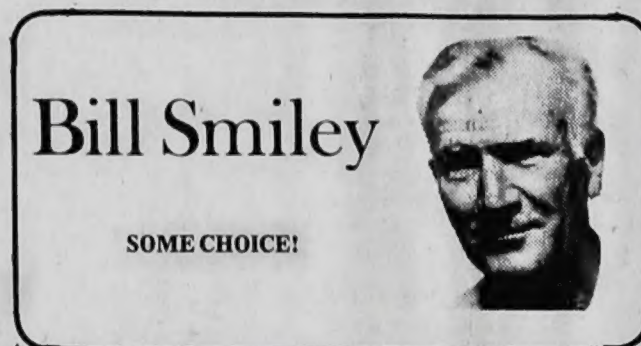

I would like to extend my sincere congratulations to all those who were involved in the Whipper Billy Watson Snowarama on Sunday, February 5th.

I was particularly pleased to be able to have a small part in this project and wish to commend those who were involved in its organization as well as the running of the event on Sunday. While it is impossible to single out everyone who made this event a success, I would be remiss not to mention the Rotary Clubs and other organizations and individuals who were involved in the Snowarama. Special thanks is owed to the Haliburton County Snowmobile Association for the condition, grooming and organization of their trails.

It is certainly encouraging to note how many individuals were willing to do their part in raising money for crippled children and I am sure that their efforts will not go unrewarded. To all those who were involved in the many aspects of this project let me extend a sincere congratulations and thanks for a job well done.

Sincerely,
William C. Scott, M.P.

Victoria-Haliburton

Bill Smiley

SOME CHOICE!

Well, who are you going to vote for when they call the election? The youthful, righteously, quivering jowls, or the again but still elegant shurg?

What a choice! One of the guys is so hungry for the big job that he looks as though he can already taste it. The other is so mesmerized by failed filigularism and his personal feud with Rene Levesque that he wouldn't know an ordinary taxpayer if he climbed into bed with one. Of either sex.

If Joe Stalin were alive and well and living, say, in Moosejaw, he'd probably garner more votes than the other two put together.

The other Joe was chosen leader of the Tories by a handful of votes. Approximately 49 per cent of the convention delegates didn't want him. Since then, one of the latter has become a Liberal cabinet minister, another, his Quebec "lieutenant," has faded into the woodwork.

His opponent, the ubiquitous Pierre, bedevilled by domestic troubles, a sagging economy, high unemployment, a feeble dollar, and an apparent lack of touch with reality, looks and acts every one of his nearly 60 years.

What's a million? This

famous line, spoken by the arrogant but extremely competent C.D. Howe, builder of Canada's industry, almost toppled a government a couple of decades ago, when he uttered it in the famous Pipeline Debate.

Red-blooded Canadians across the land shuddered in horror at this scornful attitude toward the magic figure.

Today, a politician could stand up in Ottawa and say: "What's a billion?" without raising a ripple.

A minor example: the government people in charge of unemployment insurance have launched a \$1 million advertising campaign to warn cheaters of the system of the dire consequences should they be caught. What a farce!

The system is so full of holes that it is being ripped off - legally it must be added - to the tune of millions and we all know it.

It's a nice commission for the advertising agency handling the account, but they are the only bodies who will get anything out of it. Who is going to read the ads? Certainly not the people

who are cheating. They already know all the loopholes and fine print. Only the very stupid are caught.

Certainly not the employers who also cheat, "laying off" a skill workman when things are a bit slack, with a tacit agreement that he go on unemployment insurance until things pick up, when he will be "re-hired."

Certainly not the millions of people like me who (a) pay into the fund and (b) will never get a nickel back from it.

That leaves, as readers, the guys who drew up the ad, the civil servants who authorized it, and a scattering of pensioners who can afford a newspaper and read everything in it, for want of something better to do.

But what's a million, if it keeps some advertising types and civil servants happy, and makes the blood of a few pensioners boil?

Unfortunately, those ads and that million, along with many more squandered on such pettifogging piffles, don't mean a thing to the man or woman in Glace Bay or Sudbury or Chilliwack who has been out of work for a year, and has no prospect of being in it in the near or distant future.

Clark carps and Pierre pontificates and Broadbent issues broadsides. And factories close because Canada's prices are too high because Canada's wages are too high and because Canada's production is too low.

Many people - mostly young people - rejoice at our release from the slavery of

the "work ethic", even though they don't really know what it means. To my generation is merely meant doing an honest day's work for a day's pay.

Today's generation ranks the work ethic with slavery, racism, and having a bath Saturday night, whether you need it or not, all the trappings of a vicious, misguided past.

So be it. It's their funeral, not mine. They are the ones who will be paying the horrendous taxes for welfare, medicare, unemployment insurance and indexed pensions for civil servants when I am sporting about in the Elysium fields with a couple or three nymphs.

What with the Half-hour coffee break twice a day, the calling in sick when you have a hangover, the sneaking off at noon Friday for the weekend, and various other little games, which you know about as well as I, we are turning into a nation of layabouts. And we're already beginning to pay the price.

Add to this incipient separatism and the stranglehold of the mandarins on the wafflers at Peking-on-the-Rideau Canal, and you can see why I, and many another honest Canadian, look forward to another federal election with a certain lugubriousness. It seems to be a question of "turn the rascals out" or "turn the turkeys in".

Nuff said. Don't think me a gloom pot. It's 2 a.m. and I've just put No. 2 grandson to bed. For the fourth time. He loves those late movies.

Fair Play

By Creighton Feir

In the past few issues of our newspaper we have been pointing out that during the past few months we all seem to be running into depressing problems and that we could sure use a laugh or two. Last week, I hope you caught the one hour special on the Honeymooner, starring Jackie Gleason and Art Carney. This entire hour was filled with good clean family entertainment with a laugh a minute. Considering all of the depressing, sick type programs that we seem to be faced with everytime we turn on the TV set it was sure a pleasure to sit down and get a good laugh for a change. Let's hope that we see more good programs such as this.

Dysart Council took quick action last week in an attempt to check the parking meters on the main street, and side streets, where they have been installed. Let's all hope that this will continue. One of the main problems in this area seems to be that the employers and employees of business places in Haliburton have been taking advantage of the fact that they could leave their vehicles parked for long periods of time and knew that the meters were not being checked and they would not receive a ticket. This whole business is just a matter of common sense and if the shoppers coming into the village can't get parked the merchants can't do the business.

For weeks now we have been asking you, our readers to sit down and keep writing those letters to the Editor pertaining to local issues. Last week we published five of them in our newspaper and we hope that you found them all interesting. People love to read these letters and we hope that you will keep writing them. It gives each and everyone of you the opportunity to air your views on subjects of the day. If you have a pet beef or a problem that has been bothering you for some time, get it off your chest and let's hear from you. In other words keep those letters coming.

In last week's Haliburton Rotary Winter Carnival special supplement that was inserted in your newspaper, Ron Curry of Haliburton outlined some of the history of the Rotary Club of Haliburton. In my column this week I would like to take the opportunity to give a short history of the Rotary Club of Minden. The Minden Club was sponsored by the Rotary Club of Haliburton and received its charter on Wednesday, June 18, 1947. Some of the charter members of this new club were Ken Currie, Don James, Percy Brintnell, Les Prentice, Lawrence Pritchard, and Allan Rogers. Since its inception, the club has spent more than \$40,000 in the community as well as the many contributions the individual members have made in time and money to assist in projects sponsored by the club. To name a few of these projects the club has built the Rotary Park, the tennis courts, the summer carnival and helping in making the Minden Community Centre a reality. They also do a great deal towards Crippled Children's work in the area and helping out other organizations in Minden.

In last week's paper we were pleased to read the letter from Roger Bain, Arena Manager of the Dysart Community Centre. I thought that the letter was well written, and I think that you will all have to agree with the problems facing an Arena Manager. Everytime I have been to the arena during the past few months, I always found Roger on the job and he is a fellow that seems to go out of his way to make all those feel right at home, and if there are any problems he goes out of his way to correct them. Roger as far as chronic complainers are concerned we certainly do have our share of them in this community, but you are not the only one faced with them, we in the newspaper business run into this same problem. As for those complaining on the beautiful job done on the interior of the building, we find this to be just a little too much. This appears to us to be people who are grasping at straws to have something to kick about. Roger, I hope that you haven't put me down on your list as a chronic complainer on arena matters, because I am not. My only complaint and I think I have quite a number of backers is the fact that there just doesn't seem to be enough time for public skating. I also have to agree with you that drawing up an arena schedule to please everyone isn't an easy matter. As for the prices charged for public skating, I think they should be raised. How many places can you go these days for entertainment for 50c. Adults should at least be charged \$1.00. Possibly in the future a night a week will be put aside for public skating. They can do it in Minden, why not here in Haliburton. Stay in there Roger you are doing a good job.

From what we can understand we are going to have a third service club in Haliburton. We now have Kinsmen and Rotary and now it will be the Lions Club, who will be having their charter night sometime in April. The organization has been conceived as a County Club and their service work will encompass a fairly large area. They plan to meet on the second and fourth Thursday of each month and will be meeting on February 23 at the Driftwood Restaurant at Haliburton, and on March 9 at Gelert Gardens on Highway 519. The president is Russell Andrus, the secretary is Albert Pucknell, and the treasurer is Geoff Wynn.

The Kinsmen Club of Haliburton seem to be coming up with some good ideas of what should be done in the community. They decided that they would rent the Haliburton Arena for two hours on Sunday of the Winter Carnival from 4 p.m. to 6 p.m., pick up the tab for the two hours and have free public skating. The idea paid off as one of the largest crowds ever to turn out for public skating for the past number of years practically filled the ice surface to capacity. The Kinsmen Club also made the statement that if it was a success that they would do it more often during the year. Our thanks to the Kinsmen Club from the many skaters who turned out for making these two hours such a successful event. The ice surface was packed with adults and children alike.

Report from Queen's Park

by MPP John Eakins

This seems to be an appropriate time of year to remind you of the Ontario GAINS Programme, which is a kind of Guaranteed Annual Income System, introduced to benefit residents over 65 years of age and those who are blind and disabled. For senior citizens, benefits are administered by the Guaranteed Income and Tax Credit Branch of the Ministry of Revenue, whilst the blind and disabled are taken care of by the Ministry of Community and Social Services.

In order to qualify for assistance under the GAINS Programme, people must have lived ten consecutive years in Canada, and have lived for the last full year in Ontario, immediately prior to applying for benefit. Alternatively, one must have lived in Ontario for one full year immediately prior to applying for GAINS and have been a resident in Canada for periods totalling twenty years since reaching age eighteen, or have lived in Ontario for periods which add up to twenty years since reaching eighteen.

Items which are considered income for purposes of the GAINS Programme are earnings from employment, net income from a profession or business, income from superannuation, retirement pensions, annuity payments and other sources, including pensions from any other countries, which are taxable in Canada. Bank, bond, mortgage and other interest are also included, as are net dividends and net taxable capital gains, unemployment insurance benefits, net rents from property and income from family allowance. Old Age Security and Guaranteed Income Supplement payments are included, as well as payments from the Canada Pension Plan or Quebec Pension Plan.

The guaranteed minimum is reviewed every three months, and if the total income from all sources is below the current level, a cheque is sent

each month from the Ontario Government to qualified recipients to make up the difference. At this time the monthly minimum for senior citizens is \$299.94 for a single person, and \$599.88 for a married couple who both qualify. These figures are applicable as of the 1st January, 1978. The current minimum for the blind and disabled is \$270; if a married couple are both disabled, the minimum is \$540. The minimum is \$430 if only the husband is disabled and the wife is not. Under the present system, the disabled male who is dependent on his spouse for support and maintenance is eligible to apply for an allowance whereas a disabled female is not. This means that for the purposes of the GAINS Programme, women are considered dependants of husbands (breadwinners). The Ontario Advisory Council on the Physically Handicapped maintains there is no justification for this practice, and has recommended that it be changed so that men and women are treated equally.

People over 65 years of age who receive OAS/GIS payments from the Federal Government, need not apply for the Ontario GAINS Programme. Their eligibility will be determined automatically. Those who do not meet the residency requirements for the Old Age Security Pension, but appear to satisfy GAINS requirements, should request an application form for GAINS by writing, visiting or telephoning the Ministry of Revenue at Queen's Park in Toronto (M7A 2B3). You may call the Ministry free of charge. Dial "0" and ask the Operator for ZENITH 8,2000.

Those people who are blind or disabled and are now receiving assistance under Ontario's Family Benefit Programme will receive benefit cheques each month, automatically. No application is necessary. People who do not receive Family Benefits may qualify for the special GAINS programme.

Applications must be made through the District Office of the Ministry of Community and Social Services. Dependents of special benefits recipients will receive additional assistance, based on the size of the family and the ages of the children.

This programme does not apply to the totally unemployable, who have been transferred to Family Benefits from General Welfare Assistance.

Those who qualify for the special benefits programme, Family Benefits or the federal Old Age Security/Guaranteed Income Supplement are entitled to receive approved drugs on prescription, free of charge. A card should be mailed to those eligible automatically, but if you qualify for this assistance and have not received the drug benefit card, please contact the Ministry - either Revenue or Community and Social Services. Ontario doctors, dentists and pharmacists have a list of drugs approved by the Ministry of Health which may be dispensed free of charge under the Drug Benefits Programme.

From the Chamber

by Stinson

Winter Promotional Seminar

Over seventy people turned out last week to the workshop seminar sponsored by the Haliburton County Snowmobile Association to explore ways of benefitting from winter business. It was unfortunate that the program was held at the same time as Haliburton Rotary Club's final meeting prior to their winter carnival, which meant that none of their members could attend. In spite of this there was an excellent turnout and the remarks would indicate there is a definite need for further exploration and assistance on this topic. Given more time, the Snowmobile Association and the Chamber of Commerce could, we are sure, put on a very effective full day seminar possibly early in the fall that would provide operators with far more helpful information. It would also appear that we should break down into workshop groups such as Accommodation Operators, Retailers, and Service Industries, in order that we can get more specific about problems and solutions relevant to that particular industry.

Guest speaker Vern Telford, manager of the Ontario Travel Information Centre in Barrie, arrived in our area early in the afternoon along with one of his travel counsellors and a Ministry of Industry and Tourism photographer. We were pleased to escort this group to Hall's Lake where Bob Jennings proceeded to guide them on a snowmobile ride over some of our excellent Bombi groomed trails. Snowmobiles were provided for our guests courtesy of Prentice Roads at Minden. After the ride they were whisked to Stanhope Airport for a short tour of the county by air courtesy of Air Haliburton Ltd. from there it was on to the

Cont'd. page 9

Haliburton Highlights by Creighton Feir

Snowarama '78 is now history. Many people filled out pledge forms and we hope that they will honour these pledges by sending in their money right away.

Extencicare/Haliburton will be holding an Open House to celebrate their second birthday on Friday, March 3, 1978 at 7:00 p.m. \$2.50 per person which includes entertainment and a buffet. Everyone is welcome and we are looking for a large turnout on this occasion.

We have just received notice that the 1st Annual Jack Robertson Memorial Bonspiel for all Service Clubs will be held on Wednesday, March 8, 1978 at Haliburton's new curling club. There will be 2 draws - 9 a.m. and 11 a.m. \$40.00 per rink, dinner included. This Spiel is being sponsored by the Rotary Club of Haliburton and all entries should be sent to Don Popple, Box 30, Haliburton.

Mr. & Mrs. Harold Langdon of Haliburton have returned home following a one week vacation in Florida. In speaking with Harold the other day he informed us that he picked up some information that we thought was very interesting. It seems that they pick oranges every month of the year with the exception of September.

Everyone who attended this year's Haliburton Rotary Winter Carnival got a big kick out of the Bed Races. The only suggestion we have received is that come next year the bed races should be held in the vicinity of the main street. This year they started at the United Church parking lot and ended at the stop lights. It seems that many people missed seeing them.

A good turnout was on hand when the Brotherhood of Anglican Churchmen met at St. George's Anglican Church on Sunday morning. The guest speaker was Captain Burry of the Salvation Army Corp. at Haliburton.

A large crowd was on hand for the Grand Opening of Mike's Milks new store in Haliburton and Medley's Pizza. Both business establishments opened on Friday morning.

May we remind you that for information regarding upgrading and retraining, please contact Manpower Outreach at Haliburton 457-1316.

Mr. and Mrs. Len Herron of Haliburton visited with their son and daughter in law Mr. and Mrs. Jack Herron and their four children at Brampton over the past weekend. They were accompanied on the trip by Mr. and Mrs. Jim Harrison of R.R. 1, Haliburton.

Balsam Lake fish safe

Fishermen planning to try their luck on Balsam Lake in Victoria County have little to fear from mercury or other contaminants, according to the February bulletin of Environment Ontario. Balsam Lake, 16 miles north of Lindsay, is the nearest to Haliburton among the 57 lakes for which figures are supplied in the latest bulletin.

Mercury testing was carried out on walleye, small mouth bass, and yellow perch from Balsam Lake.

The 14 walleye tested showed an average mercury content of .36 parts per million (ppm). The Ministry considers fish containing less than .50 ppm safe for unrestricted consumption.

Twenty smallmouth bass tested showed an average mercury level of .27 ppm, and 20 yellow perch averaged .14 ppm.

Mercury content in fish goes up with increasing size and age of the fish, and some lengths of fish may be suitable for consumption, while a larger, older fish of the same species from the same lake may not be safe to eat. In the case of Balsam Lake, the Ministry says walleye up to 22

Man charged after crash

A 62 year old Lindsay man has been charged with failing to stop at the scene of an accident, an offence under the criminal code, following an incident on Highway 121 in Haliburton last Wednesday night.

Minden OPP say a 1977 car driven by Norman Truchan was reversing out of a parking lot when it collided with a parked car owned by Douglas Peters of Haliburton. Damage to the Peters' vehicle was estimated at \$800. Damage to the Truchan vehicle was set at \$50.

Truchan is alleged to have left the scene, and was later apprehended and charged.

He will appear in court April 11.

A head-on collision on Pleasant Point Road Sunday afternoon resulted in \$1000 damage to two vehicles.

Minden OPP say a 1977 pickup truck driven by Nelson Johnston, 22, of Toronto was eastbound on Pleasant Point Road, and a 1969 convertible driven by Terrance O'Neill, 22, of Burlington, was westbound when the two vehicles met head-on on the narrow road.

Damage to the Johnston vehicle was estimated at \$400. Damage to the O'Neill vehicle was estimated at \$600. There were no injuries and no charges were laid.

Slapshot by Bill Davis

Well it's playoff time again and with play offs come predictions. Unlike my predecessor, I will not make any predictions because too many times when I have picked a team which should be a shoe in, I find that my predictions are very much like a kiss of death for the particular team. Let's start with our local O.M.H.A. Pee Wees who have fallen by the wayside at the hands of Beaverton and lost their best of three in two straight. A fine effort fellows, I saw you play in the recent Pee Wee tourney and you played well and went on to win the consolation. The local Bantams at time of this article have eliminated Cannington in a best of five series that saw a sixth and deciding game in Cannington which the Haliburton team won. Haliburton is presently involved with Newcastle in a best of five and are trailing 1-0. Don't give up fellows, you can do it. The Beaconbrook midgets finally eliminated Cannington in that series and all they had to do was win all five games. They too are meeting Newcastle and are trailing 1-0 as injuries and suspensions are a definite factor in this series.

What about those Huskies? Trailing 2-0 in the series and playing on oppositions ice dumped Cayceon two games and are right back in it. Speaking of the Junior "D" league, Lakefield has defeated Bewdley and Bancroft took a series from Colborne as they didn't show for the first game. Bancroft and Lakefield will square off in a best of five with the winner meeting the winner of the Cayceon - Haliburton series.

There has been a tremendous amount of non appearances by hockey clubs this year, and we had one recently in Haliburton as the Tri County midgets, after winning the first game in Beaverton, had a contest scheduled for Haliburton last Friday, but Beaverton failed to show. It's just about time the different leagues took action against the coaches and organizations involved.

Well it's old news now, but Ali is no longer champ after a thorough beating at the hands of the challenger Leon Spinks, or should we say Leon who? For those of you that saw the fight on the tube, you can't help but feel sorry for the ex champ. Ali has been undisputed champion for 15 years and in that time never failed to defend his title when ever the occasion arose. Of course there will always be those who claim he never fought anybody, but remember he fought who was available at any time. There are many people didn't like Ali, but boxing is in trouble without him. Spinks on the other hand fought a good fight and took it to the champ all the way, but remember all Ali would have had to do was fight to a draw in any three of the first five rounds. A rematch, who knows, but one thing that is sure, boxing just won't be the same without the Louisville Lip.

Just Remember, Everyone Can't Play Sports But Everyone Can be a Sport

Injuries suspensions hurt the Midgets

The Beaconbrook midgets find themselves in trouble with injuries and suspensions as they gamely try to stave off elimination in their best of five series with Newcastle.

Last Thursday evening in Bowmanville, the local club went up against Newcastle with ten players in the lineup and before the game was over they had lost two more in a mele that saw two veteran defensemen, Ed Roberts and Roger Hicks ejected from the game for high sticking majors. On top of all this the local club dropped a 5-2 decision to give Newcastle a one game lead in the series. Butch Manary and Phillip Smith were the lone Haliburton goal scorers.

Tuesday evening at the Dysart arena a short staffed midget team fought gamely for two periods, but then ran out of legs as Newcastle took game two by the same 5-2 count. In this game the visitors took a 3-0 first period lead, but Haliburton came right back with two goals. The first goal came from Phillip Smith, and the second goal was off the stick of Butch Manary. But in the third period it was all Newcastle as Haliburton gamely went through the motions.

Newcastle leads the series 2-0 and could wind up the series tonight at the Dysart arena in game three.

Juveniles ahead

The Minden juveniles had a two game lead in their series with Newcastle turn into a one game lead as a fired up Newcastle club came back on Minden ice to upset the county town favorites 3-1 in the third game of the series. Minden took the first game in Bowmanville last Tuesday to the tune of 5-3. On Friday night in Minden they beat Newcastle in game two to the same 5-3 count. Goal scorers

in this game were Dave Brown and Brian Shaw with two each and Steve Davies with the single.

Sunday evening in Minden a fired up Newcastle team facing elimination surprised the Minden team to the score of 3-1 with Terry O'Brien scoring the lone Minden goal. Next game in the series was last night in Bowmanville and a win for Minden would advance them into the next round.

COUNTY ECHO SPORTS

John Coneybear, right, was the winner of the five km. Echo cup snowmobile race Sunday. Here he receives the Echo trophy from publisher John Zylstra.

Huskies even series with Bobcaygeon

The Travelways' Huskies, after dropping the first two games of their best of seven series with Bobcaygeon, bounced right back on the road and at home to deadlock the series at two games each.

On Friday evening at Bobcaygeon the Huskies, trailing two games to nothing, came up with one of their better performances on the road and trounced the home town Ti-Cats 6-2, despite being out shot 32-25.

After a scoreless first period Bobcaygeon took advantage of a cross checking penalty to Derwin Barry when Ti-Cat captain Steve Austin scored from Prentice and Lasch. At the 13:40 mark Haliburton erupted for five goals in a five minute span to take a 5-1 lead after two periods. At 13:40 it was Tom Curry scoring from Shaw and Farnsworth. At 14:00 minutes Derwin Barry scored unassisted and then Joe Roberts fired three in a row in a span of two minutes and 23 seconds with Curry and Stinson drawing assists. In the third period, each team traded goals, first Cayceon at 4:03 then Tom Curry, his second of the game at 19:16 with Roberts assisting.

On Sunday at the Dysart arena the hometown Huskies' treated the large crowd in attendance to some exciting play off hockey as they fired one in the first, two in the second, and four in the third enroute to a 7-4 victory to even the best of seven series at two games each.

The first period was a slow period of hockey as both teams played trying to feel the other out. Despite this, each team traded goals; first the Huskies at 3:43. Tim Oram from Barras and Wooten, then Bobcaygeon at 11:13 Dan Schnegg from Steve Austin.

In the second period both teams came on strong as both goalies were called upon to make some good saves and at 4:58 Bobcaygeon took the lead for the first time when Brad Prentice scored from Sheppard and Ferguson to give the Ti-Cats a 2-1 lead. But at 12:53 the Huskies took advantage of a hooking call to Ferguson and beat the Cayceon netminder to even the score at two. The Huskie's came right back to regain the lead at 14:04 when Tim Bain scored from Salvatori and Stinson to make the score 3-2 to end the period.

The third period was play off hockey at its best as Cayceon opened up, trying to get back in the game and with the Huskie's trying to add to

the lead. At the 2:00 minute mark, Austin tied the score at three. But at this point Bobcaygeon ran into double penalties which proved costly as Oram and Roberts fired power play goals to give the Huskie's a 5-3 lead. Joe Roberts fired his second goal of the game at the 11:50 mark and the Huskie's were out in front by three until Bobcaygeon got a power play goal at 16:25. Then while Haliburton was killing a penalty, Tim Bain was put in the clear by Andy Salvatori and cleanly beat the Cayceon goalie to put the icing on the cake, much to the delight of the home town crowd.

Huskies Notes: Myles Maughan played an outstanding game in goal for the Huskies as he was called on to make several saves. It was nice to see Andy Salvatori back in the line up after missing the games due to the flu. Don Lloyd, manager of the Huskies informs me that for Friday's game in Bobcaygeon seats are available on the bus and if necessary another bus will be available, so let's get on these buses and cheer our local boys on and possibly win the series back home next Sunday afternoon at 2:30 p.m.

OMHA Bantams deadlocked

The Haliburton bantams find themselves on equal teams with Newcastle after a 4-2 win in the second game played at Haliburton, Monday evening.

Haliburton dropped the first game in Bowmanville last Thursday evening as they took a 4-1 loss from this bigger Newcastle team. On Monday evening they showed that they weren't to be pushed around as they took a come from behind 4-2 victory to even the series at one. Haliburton goal scorers in the game were led by Darren McInnes with two, Dave Nicholls with two. Next game in the series is tonight Wednesday, at the Dysart arena where the local team will be trying to take the lead to head back to the opposition's ice this Thursday evening.

Curling

by Tom Stinson

Alex Miller, with wife Bev. and "J.O." and Jean Jackson won the Hiram Walker Trophy and silverware at Haliburton's Big Carnival 'Spiel on the weekend with 3 good wins and a total of 55 points. Runner-up was a Thornhill rink skipped by George Braughton, with wife Marie and Beth and Earl Miller, who gave Alex a close run coming up with 54 1/2 points. Our own Steve Collier, with Karen O'Connor, Wayne Ellison and Susanne Denman was a close 3rd with 53 1/2 points. Next in line was Ken Wilson with wife Dorothy and Linda Collins and Glen Blair with 39 1/2. Clark Bailey with Gary and Chris Bailey and Sheila Elstone at 40 points. Bob McNaul's four with wife Anne and Jack and Linda Brohm got into the prize list with 26 1/2 (2 wins) and the high single winner was a mixed Minden/Haliburton four skipped by Dwight Thomas, with Pauline Brohm and Mary Pearsall and Tom Stinson.

Competition was great with 22 rinks entered, play starting at 6 p.m. Friday to late Saturday night - our rink a very busy spot while good weather brought lots of visitors to the carnival events all over the village. Phyllis Woodcock was chairman of this Spiel and she and all the Club girls deserve a hand for a good 'Spiel, a delicious lunch and our usual hospitality. Among our annual visitors to Haliburton for this spiel were Roger Howards rinks from Toronto Bayview, Jack Starkey from Gananoque, Jack Watson's four from Wilberforce, 2 Peterborough rinks and one from Trenton.

Our ladies section have a ladies one day 'Spiel scheduled for March 11, and this has always been a popular event. Mark this date on your calendar - spectators are welcome. This coming weekend our club is host to OCA Dist. 4 Intermediates. This class take in men 40 and over. Haliburton won this District title in 1974 and will be looking for a repeat. Entries are from Wilberforce, Bancroft, Lindsay, Peterborough, Beaverton and Minden.

Now, we promised you a date when we will try an afternoon Men's Curling. Let's make it Tuesday, February 28, at 2 p.m. If you have never curled and would like to try it come out and instruction will be available - if enough men curlers show up to make a game or two we will pick teams for a 6 or 8 end game. Minden Club have 34 men, all over 55 with an average age of 68, meeting every Monday - a most enjoyable day. This has been going on since 7

Cont'd. page 9

Atoms are busy playing schedule

The Haliburton atoms have been busy playing out their schedule, but are playing five hundred hockey. In their last four games on the road they have salvaged four of a possible eight points on the strength of two ties, a loss and a win, but remember these games were all on the road. They tied Bobcaygeon 5-5.

Goal scorers were Tran LaRue with two, Mike Brohm, Mike McNaul and Chris LaPorte with singles. Meanwhile in Minden they didn't fare so well as they came out on the short end of a 2-0 score. Beaverton provided some good opposition as they jumped into a 3-1 lead, but Haliburton came roaring back to score three goals in the last period to take a 4-3 win.

Chris LaPorte was the big gun in this game, as he fired a hat trick. Tran LaRue was the other marksman for Haliburton. In Cannington, again it was Chris LaPorte scoring as Haliburton played to a 1-1 tie.

Chalk-duster Tourney

From page 3

was Al Oakley. There you have it, "B" team 6, the "A" team 4, to win the consolation.

In the championship side of the tourney it was a strong Norwood entry over Owen Sound to the tune of 6-1 and the 1978 Chalkduster champions are that ever competitive town of Norwood.

Along the Trails

by Roy Bates

Getting Out of the Backyard

In the past it was only the very hardy or very adventurous snowmobiler who would attempt an extended cross-country journey. More dependable machines and interlocking trail systems now make it relatively easy for anyone to enjoy snowmobile touring.

February is by far the best month for your trip. Snow has reached its maximum depth, all trails are open, and groomed trails have attained the firmness so necessary for easy riding. Your chances of having good weather are better in February.

We mentioned last week a group of seven riders from Port Sydney travelling by snowmobile to Valcourt, Quebec. This is no doubt one of the more adventurous safaris of this season. Another ride that is scheduled for this month will see a group from Sault Ste. Marie winding their way to Sudbury. This one is a safari with a purpose. It is the first attempt to discover and chart an overland route between the two cities which will become an important link in the proposed trans-provincial snowmobile corridor. The latest word from the group indicates that their preliminary research of the region has located existing trails for all but a few miles of the trip.

Local snowmobilers have also been hitting the trails. One group from Minden, which included President Jim Solway and Director Steve Berry of the Haliburton County Snowmobile Association, made their way to Parry Sound and back. They report that the trails were very good all the way and exceptionally well-groomed in the Milford

Bay and Port Carling areas. Jim and Steve took time out to study the grooming methods employed by the clubs along the way, particularly the Milford Bay Sno-Bombers who had the best trails, and you can be sure any new information gained will not be wasted.

Much has been written on the subject of preparing yourself and your snowmobile for a cross-country trip. So much "expert" advice has been given in fact that the average snowmobiler has been scared away from this most enjoyable snowmobiling experience.

All you really need is a dependable machine with the usual tool kit and spare parts - drivebelt and spark plugs - and a change of underwear and dry socks. You'll want at least one riding companion, five or six is an ideal safari size - and you should have a map of the areas you will be passing through. Never mind that you don't know the trails, someone in each area will be glad to pencil them in for you. Prior contact with the clubs along the way is always a good idea.

Here are some basic do's and don'ts. Do take a five gallon gas can and a few cans of oil. Don't depend on every service station to have a can available. With your own, all machines can be topped up and the leftover gas goes with you. Don't ride at night. Plan your stopovers so that each day's destination can be reached before dark. Book weekend accommodations in advance and if your schedule changes phone ahead. Don't keep your motel operator up all night waiting for you if you aren't going to get there.

Unless you are really going into the hinterland it will be possible to eat regularly at restaurants along the way. Nevertheless, each rider should carry a little something for substance just in case. A couple of chocolate bars will keep you going for several hours. A thermos or two of hot coffee or tea won't come amiss, and is far more practical than a wineskin.

Avoid strange lakes or rivers unless there is a well packed track to follow or you have obtained specific information on their ice condition and currents.

Be appreciative of all who assist you along the trails. Be a good ambassador for snowmobilers and for Haliburton County. The people you talk to on your trip may well be our guests next time.

So, what are you waiting for? Tune up that machine, pack your toothbrush and let's go snowmobiling!

Squash Club

The new Highlands Squash Club, located in the same building as the Haliburton Curling Club, will officially open its doors on Saturday, March 4. An Open House will be held on this day from 10 a.m. until 5 p.m.

Those who are unfamiliar with the game of squash will have a chance to see the game played, look at various types of equipment and have questions answered concerning rules of the game, membership, fees, public playing time, etc. From 1:00 p.m. to 4:00 p.m. three representatives from Squash Ontario will be showing slides and giving instruction in various facets of the game.

Everyone interested in seeing this new sports facility which has been added to Haliburton Highlands is encouraged to drop in. Racquets will be supplied to those who want to give the game a try, so just bring running shoes.

Eyes glued to the "Christmas Tree", competitors tried to get off the line first in the timed drags on

Head Lake Saturday.

Eva Piper - 240 - 218
Leon Jones - 241
Wilbert Gibbs - 230
Ken Piper - 228
Betty Yateman - 221
Sheila Beatty - 216
Lil Gorveatt's team won the second series.

Rally set for Saturday

The Lake Kashagawigamog Tourist association snowmobile rally is set to go this Saturday morning at 9:30 a.m. from the Haliburton Marine. This rally will take the participants over 48 miles of Haliburton lakes, trails and roads with checkpoints at different locations. The event is expected to take over two and one half hours to complete and points are deducted for too fast or too slow a time.

Bruce Henry, one of the organizers, informed The Echo that he wants to make it clear that this is not a race, it is a rally. After the completion of the rally, a dance will be held at Deer Lodge where refreshments will be served. Cost of this dance is \$3.00 single or \$5.00 a couple. The cost to enter the rally is \$5.00 a machine and all participants must adhere to Ontario Snowmobile regulations.

Maple Lake Bowling

Fred Cox's Foxes took a commanding lead for this series with Fred himself bowling a magnificent 370 game and a 745 triple, giving the Foxes 24 points; Dan's Dynamos 18) Ron's Rollers 15; Audrey's Angels 11; Strikers 9 and Lynn's Loafers loafing along with 7 points.

Other high triples were bowled by Ev. Stata 704 (241, 238); Ronnie Robinson 633 (254); Wes Stata 630 (243); Rick Harding 627 (259); Ron Robinson 626 (214, 211); Garth Henderson 606 (246).

Lynn Frankland led off the high singles with 253; Harold Kirkpatrick 214; Martha Harding 210; Flo Henderson 201; Dan Hardin 200.

Congratulations to these bowlers from the Maple Lake League who made it into the Zone round of the Thomas Adams National classified tournament. Wes Stata, Ronnie Robinson, Ron Robinson, Ev Stata, Audrey Fountain, All class 5; Dan Harding, Walt Ackerblade, Marne Robinson and Flo Henderson

class 4; Rick Harding, Fred Cox and Martha Harding, class 3; Harold Kirkpatrick, class 2; and Jean Henderson class 1.

Norland Notebook

454-3233

by Barbara Maunders

The ladies auxiliary of the firemen held their annual meeting at the home of Mrs. Joan Brohm on Monday, February 13. The following officers were elected, past president - Mrs. Doris Bartley, president, Mrs. Joan Brohm, vice-president, Mrs. Fae Quinn, Secretary, Mrs. Lynda Easton and Treasurer, Miss Laura Gaunt. After the election of officers there was a discussion of the forthcoming dance on March 11. I hope that you have your tickets for the raffle that will be drawn at the St. Patrick's Dance in the Norland Community Hall on Saturday, March 11. All members of the auxiliary and the Norland Red and White store have tickets for sale. First prize is a hamper of groceries (approximate value \$25.00) plus 3 bonus prizes. Tickets are 25c or 5 for \$1.00. Your community hall needs your support at this time. The hardwood floor is finished in the hall and it certainly enhances the interior.

St. Patrick's Dance on Saturday, March 11 from 9:00 p.m. to 1:00 a.m. will feature Marg Graham and her Westerners. Advance tickets only will be sold at \$10.00 a couple and will include a buffet supper. The building has been approved by LLBO for a banquet license. Plan to purchase your tickets early because the number is limited.

Due to such poor response to the Euchres on Tuesday

evenings in Norland Community Hall, they have been cancelled until further notice. Laura Middleton was the winner with the right seconds on Saturday, Feb. 11 for the Norland Volunteer Firemen's Hockey Pool.

Plans are well underway for the Victoria County Spring Festival of the Arts on May 26, through June 4. Chairman Jim Brown and Elizabeth Luzak, publicity convener attended a meeting of the downtown Lindsay Improvement Board and a downtown mall between Cambridge and William Streets for the weekend of May 26 to 28 was proposed and if successful it will be extended to the full ten days of the festival.

Locally, such crafts as rug hooking, needlepoint, weaving, crocheting, ribbon craft, hairpin lace, chair caning, cake decorating, ceramics, daisy winding, quilting and many others will be shown and where space is available demonstrated on Monday, May 28 and Tuesday May 29 at the Lion's Community Hall, Coboconk. An evening of music by the Happy Wanderers Choir is planned for Wednesday, May 31. For further inquiries call area representative, Dug Merrett-454-8477.

Delighted new grandmother is Mrs. Enid LeCraw with the arrival of her granddaughter, Barbara Christine, a sister for Darren and Brent. Proud parents are Gary and

Carolyn LeCraw of Montreal. Best wishes to all.

We note with sorrow the passing of Mrs. Harry (Violet) Chynoweth of RR #1, Coboconk on February 12 in the Ross Memorial Hospital, Lindsay. She was the loved mother of Jim, Joe, David and Mrs. Grace England of Norland. Funeral services were from Bryant Funeral Home, Coboconk on February 15. Our sincere sympathy to all members of the family in the loss of a dear mother, grandmother and sister.

A reminder - Garth Nicholls of Fenelon Falls will show his pictures and talk of his work in Africa for hydro, on Tuesday, March 7 at 8:00 p.m. in the Norland Community Hall under the auspices of Norland Horticultural Society. All are welcome.

Norland Bowling team standings as of February 15: E. Forsythe - 17 pts., K. Watson - 14 pts., J. Boyce - 10 pts., D. Boyce - 9 pts., J. Maunders - 7 pts., L. Jewell - 6 pts., Ladies high single and triple - Jean Boyce - 253, 618. Ladies high average - Eileen Forsythe - 191, high triple spare - Dorothy Brown - 624. Men's high single and triple - Jim Boyce 248, 635 and high average Doug Boyce - 188.

There is a two percent discount allowed on your township taxes for 1978 interim #1 if paid by March 15, 1978. By paying your taxes in advance you not only have a saving, but also spread out the payments and assist your township by saving interest charges on borrowed money. Everyone gains!

Township clerk, Vernon LeCraw and his wife Phyllis are enjoying a short belated honeymoon vacation and will return by February 21.

I knew that eggs could be frozen successfully by breaking them from their shells, mixing the yolk and the white with a fork and placing each of them in a muffin cup to freeze and afterwards removing them from the pan into a plastic bag to store in the freezer. However, I didn't know until last week end when I mistakenly left a dozen in our unheated garage overnight with the temperature in the -14 degree C range, then if the eggs are returned to room temperature and then refrigerated that they changed very little in appearance and taste. Something to know if this should happen to you.

Life saving course offered

Area teenagers who want to become certified to teach swimming lessons, can use the March school break for that purpose, according to Betty Austin, of the Haliburton Red Cross.

Sir Sandford Fleming College in Peterborough will be the location of a Red Cross or Royal Life instructors course March 18 through March 22. Fee for the five day course is \$35, which covers instruction. Accommodation, which is not included in the fee, will probably bring the total cost of the five day program to about \$100., according to Mrs. Austin.

Further information on the course can be obtained by calling 457-1867.

COUNTY ECHO FAMILY

Chatting with Irene

The Haliburton County Fair promises to be bigger and better than last years, if all the plans are carried out.

The annual meeting was held at the Minden Municipal Building last Wednesday evening, February 8, and a good crowd attended. The President gave a report from the meeting of District 4, which she had attended in Lindsay last November and said that she had learned much from the other groups and reports given.

Don Blakey then spoke about the remodelling of the front of the Curling rink and showed the plans which had been drawn up for the new front. These were very detailed and a lot of time was

spent discussing and looking them over. It was decided that at this time no firm commitment could be made, as the plans had not been approved by the Committee or Council.

The Secretary was asked to write a letter of thanks and enclose a Jr. membership to each school child who had submitted a drawing for the County Fair Crest.

It was decided by all the members that Fred Wright be given a life membership in the agricultural society, for the support and dedication he has shown throughout the years to the Fair. We come and go as members, but Fred, has always been a member for more years than most of us would like to remember, no

come and go about him.

The report of the treasurer showed that the county fair showed a profit last year, not much, but enough to start this year off without having to borrow. There are still a number of outstanding cheques not cashed and these, no matter how small, must be cashed soon or they will be outdated.

Each director will be given a copy of the financial statement as soon as possible.

This week the convention is being held in Toronto and it was decided to pay the expenses of two members. The delegates to be Helen Johnson and Yvonne Beaucage. Other members as well as the last year's fair queen

will also be attending.

The main executive is picked from the directors, by the directors and are as follows: president - Loretta Nesbitt; 1st vice president - Jeannette Nesbitt, 2nd vice president - Yvonne Beaucage; secretary - Muriel Bird; Treasurer; Helen Johnson. The advance prize lists are out, and can be found in many of the stores or can be obtained from the executive. The chairperson or each committee is asked to have a co-chairperson named by the next meeting which will be held in March if possible. The ideas brought back from the convention and other decisions will be discussed at the next meeting, so be sure and watch for the date.

Maple Lake News

by Ada Gibbs

A few weeks ago I called your attention to a Women's Club about to be formed at the Carnarvon United Church. Did you go? If so, you know there were 17 interested people present and interesting things happened that first day. A finished quilt was put on display, by Mrs. Kay

Barry, as well as stuffed animals, while Mrs. Edith Burch brought samples of her work in needle point, petit point, and crevel work.

Soon several were busily engaged learning to crochet, or learning new crochet stitches, and really accomplishing something. Amid the buzz of different conversa-

chop a hole in the ice, drop your line into the water, and presto there's your fish. With fishing in the summer, your boat is blown about by the winds, at time's you could be caught in the middle of the lake in a heavy downpour and thunder storm, or these big motor boats zoom by and chase all the fish away. See in ice fishing there are none of those problems. Safe in a little hut, a thermos of coffee, and maybe a little portable radio, turned on low, you sit above your little hole in the ice and catch those fish. (Do fish like music?) Perhaps the radio is not a good idea. Anyway - that's a future accomplishment and dream. Ice Fishing - Great!

Each local church was represented on Wednesday last, when ladies met at the home of Jessie Cameron to plan the programme for the World Day of Prayer to be held Friday, March 3 at Faith Tabernacle.

know what to do! This will be an outlet for some of your talents and energy!

The Archie Bowman's of Kinnmount who were burned out last week have a daughter, Mrs. Penny Hutchinson living here in town. Penny lives just north of the Anglican Church on Elizabeth Street and if you have any donations contact Penny, to help out a family who lost everything.

On reading the Farmers Almanac, I read the following weather forecast, February 1978 - "20th to 23rd" Storm Period. Heavy snow in Great Lake's area through Newfoundland and Nova Scotia, clearing, then fair, colder. Mostly fair and cold in central and western areas. Now let's see how accurate the forecast can be!

Have you got your car licenses yet? Your driving days are numbered, if you haven't so hustle on down to the licence bureau because you could be stuck in a long line up!

I admire "Irene's" column and wish I had the stamina to attend all those hockey games! First of all - we do not unfortunately have an arena here! Secondly, many family are grown and away from home and there are no members involved in hockey in the family, in the area - so guest I'm a poor hockey fan! Irene sounds like she really enjoys the games, and more power to her! Now - if there were some way to convince the powers that be that we could use an arena here that would be a start! I've never made it yet - but one day would love to try some ice fishing, and enjoy some fresh fish! Of course, most of the ice fishermen - "fishermen" catch fish! You just

Coboconk News

by Sheila Lake

In the weekly draw held by the I.G.A. stores, at the local store, the winner of the Coffee Maker was Mrs. Cheryl Hannivan. The winner of the fryer was Mrs. Maisie Brohm.

The Jim Hannivan family, the Brian Hannivan family, Mr & Mrs. Vern Hannivan and Mrs. Violet Quinn left last week for a holiday in the South. Let's hope they have good weather. Any folk I have talked to who have been to Florida recently on a holiday, complain that the weather was very chilly and most uncomfortable.

A life long area resident, Mrs. Violet Cynoweth passed away this last week. Violet has been in poor health for a long time; though not exactly confined to bed. She enjoyed her visits with her family, going to Lindsay often. Most of her large family live in the surrounding area, and we offer our sympathy in the passing of a devoted mother.

Wednesday night, worshippers of Faith Tabernacle held a fellowship supper. The long tables were set up in the church basement, and a time of fellowship was enjoyed over a buffet dinner.

Valentine's Day is past. Did you remember your Valentine on that special day? Hope you remember that special person in your life.

The Leo Club were guests of the Lion's Club dinner and meeting the Community Hall on Thursday night. There must be a number of young folks in our area who would enjoy this club and I'm sure the club would welcome new members. Why not talk to Kim or Randy Greer or Michele Sheppard and learn more about the Leo's and their work. So many young folk become bored and don't

Your heart works harder when you're not in the game. Get fit—and turn the clock back.

A Shopping - Theatre Weekend

More people every month make a weekend with us a pleasant change from the ordinary by combining a mini-holiday with theatre and shopping in Toronto.

Our rooms are delightful, our food is very good and our service will make you want to come back. Our prices make sense and our location... right off the 401 Highway makes us easy to find.

Plan a great way to spend a new kind of weekend soon... then phone us for a reservation! We'll be waiting to hear from you!

From the Chamber

From page 4

Legion and the Dinner and the Seminar. They were all very enthusiastic in their praise of what they had seen throughout the day and we have already heard Vern expounding on some of his broadcasts on the attributes of Haliburton Highlands. He also assures us that the Ministry photographer will be returning to get more photographs of the Highlands area.

Community Arts: Development Workshop:

The Ministry of Culture and Recreation advised us this week that they are planning a workshop seminar at the PineStone Inn on March 15 on Community Arts Development. Anyone in our area interested in arts and crafts should certainly circle this date on the calendar and plan to attend. Further details will be announced shortly in these newspapers.

Haliburton Downtown Developers

Plans have been finalized to hold a meeting of business men and property owners of Haliburton Village at the Haliburton Arena auditorium on March 8 and 8 p.m. Mr. Earl Millar of the Ministry of Housing will be in attendance with a slide presentation and details of what help is available to provide redevelopment of our main street area. We would expect that not only those interested in Haliburton Village, but anyone interested in redevelopment of their own community would be wise to attend this meeting to find out what is involved in such a program. It is the feeling of the Chamber that our shopping facilities must be improved to continue to attract shoppers to our towns. If we expect cottagers and tourists to shop here rather than elsewhere we must do everything possible to make it a pleasant experience and not a hardship.

Chamber among leaders in Snowarama:

We were pleased to note that Chamber president Dennis Casey was among the top six money raisers on our recent Snowarama. Dennis was literally representing the Chamber that day because the pledge sheet he carried was one which was passed around at our last board of director's meeting and filled out for a total of over a hundred dollars. The Chamber was pleased to help support the promotion of Snowarama as well as directly support it in this way.

Getaway Country Magazine off the Press:

Central Ontario Travel Association promotional magazine which they have been working on throughout the winter is now a reality. It is an attractive magazine with good coverage of Haliburton which hopefully will certainly benefit our area. Our own Haliburton directory is this week in the hands of the printer and anticipates having it ready in time for the upcoming Sportsman Show. We certainly hope we managed to get everybody in our new publication that wish to be there. A newsletter was sent to all our members, it has been mentioned several times in this column, and we have tried to personally contact as many of the members as time would permit. Time has now run out and we have that nagging feeling that someone is going to tell us they didn't know anything about it after it's too late.

Haliburton Chamber recognized Internationally:

This week we received a letter at the Chamber office from the United States that was addressed to "Canada Chamber of Commerce, Ontario, Canada." Somewhere along the line a post office employee had written on the envelope in red pencil "try Hwy. 35, Minden, Ontario". Although the information requested in the letter was somewhat beyond our scope, it is by no means a small accomplishment to have the post office recognize us as a Chamber worthy of representing all of Canada.

Curling

From page 6

years ago, so we hope to offer this experience to our local people. All we ask you to do is bring a dry clean pair of rubbers, or rubber soled shoes - a warm sweater and if you are not a member bring a 1.00 bill.

CURLING TIP #5

Always turn your rock over when you are in the hack and clean the cup. Even small particles of dirt, or a straw, will divert your rock and spoil your shot.

Gospel Music Festival

First Saturday of each Month 7:30 p.m.

News from Extendicare

by Dr. O.W. Anderson

Saturday many of the staff held a snowmobiling party at Mrs. Jean Cumming's home at Soyers Lake. It was a "whoopie" party, but all returned fit to work. It was enjoyable to be able to make use of the many snowmobile trails that are maintained for use in this fashion.

On behalf of Bill Andrews, a newly arrived resident we are very sorry to hear of the death of his wife Mrs. Eva Andrews of Highland Grove. The good old Salvation Army invaded Extendicare Sunday to treat us to a melodious interlude of hymns and gospel songs. Capt. Bury pianist accompanied the singers he brought along.

The residents were put to work Monday making various boxes to be used at a box party coming up for us for this Tuesday afternoon for the residents.

Our annual Birthday (Extendicare) Party is to be held March 3rd at 7:00 p.m. It is to be quite a do with buffet lunch (quite a spread) to which all people in the area are invited. The fee is to be \$2.50. This will be a memorable evening for those that come, to include a program of lively entertainment.

Tuesday finally arrived with Valentine day which by casting lots paired all of us willy nilly except as to ladies and gentlemen. It was an experience not to be forgotten. Mrs. Pat Cumming a volunteer helper lent us a hand and her infant son Ryan to further the party. Mrs. Betty Salvatori was our indispensable pianist and Mr. Charles Plewman accompanied her on his melodious harmonica for our grand sing song in the lounge eating out of the social boxes. It was a great party even if we must occasionally pat our own backs. We were nearly forgetting the election of our Valentine Queen, who by lot Mrs. Lucy Woodcock won a very fortuitous choice. At the same time a ticket was chosen from a bowl containing all the stubs of a raffle sold by us over a period of 4 months. The lucky winner was Mrs. Jane Rosenberg our senior staff nurse. Luck, Luck, Lucky.

There were 3 movies Wednesday afternoon 1. The island of Jersey, the largest of the channel islands, was shown as from the view of a tourist. It is as expected typically old country with many relics of the past. 2. The various wild life parks of South Africa showing many of the creature in their natural habitat. Many of them are in pitifully small numbers being near to extinction. viz: rhinos, tigers, giraffe, gazelles, hippos and many others. 3. Nature in the raw in the Klauene district of the Yukon Territory. It was stated by the photographer that none of the scenes were taken from a blind but from free viewing after the creatures became accustomed to the human animal which only required 3 days. Shown were bear, elk, moose and many others.

Mrs. Alma Clement, Mrs. Clara Sabin, Mr. Bill Finlay, Mr. Alfred Watley, Mr. Jim Allen, and Martha Wiggins all had birthdays in February and thus were honored guests at a party held in the lounge on Thursday. We had a sing song to the accompaniment of Ms. Sheila Elston pianist and finally refreshments consisting of a birthday cake, tea or juices. The cake was made by our Happy Gang ladies Mrs. Mary Currah, Mrs. Florence Stag, Mrs. Flossie Burk and Mrs. Hazel Parish.

The Anglican Church PARISH OF HALIBURTON The Joy of the Lord is our Strength Rev. Trevor C. Denny, B.A., M.Div. - 457-2074 - Rev. George Meades 1(613) 339-2378

HALIBURTON: St. George's Communions at 8 a.m. is on the first and third Sunday of each month only 11:00 am Morning Worship Church School and Nursery provided

WEST GUILFORD: St. Andrew's 7:00 P.M. - Evening Prayer WILBERFORCE: St. Margaret's 11:00 am Morning Worship 1st and 3rd Sundays Communion

EVERYONE IS WELCOME

The party was very enjoyable and the refreshments just what was ordered.

Friday morning was our usual devotional period, we had our pianist, Mrs. Flossie Burk, or alternately Ms. Sheila Elston, but the regular pastor did not show, but present was Mr. Ronald Ruth of the Fenelon Falls Bible School, who agreed to be our spiritual leader for the service. He chose as his theme taken from one of the psalms, "The way God deals with the

inner being, and expects us to have as good control of ourselves." After this service, coffee was served in the activity room. It was nice of this young pastor coming to accommodate us this way.

Our plants and flowers activity is not too active. A tray of assorted plants that Mr. Ray Hayward of the Royal Botanical Gardens in Hamilton gave us at least a dozen varieties that we did not already have. It is nice to know we have them with us even if we do not see them often. Some of these plants will be on display at our coming bazaar.

It would appear that the only Canadian capable of winning from Mr. Trudeau is Flora MacDonald.

We were saddened to learn of the death of one of our ladies, Mrs. Isabel Hogg. She was over ninety and of late has been confined to a wheel chair. She will be greatly missed by many of us.

Horticultural

Minden and district Horticultural Society held an executive meeting at the home of the president Mrs. Carrell, January 31. The members present decided to present the proposal of a bus trip to the Spring Flower and Garden Show in Toronto to the members at the regular meeting on February 7. The date set was March 1. Cliff Burke was asked to contact the bus company, prices etc., Many ideas about projects were mentioned and it was decided to wait until March to settle on any. The secretary was asked to write to the department for more pamphlets similar to those received to date. The next executive meeting is to be held the late part in February.

The February meeting of the Minden and District Horticultural Society was held in the municipal building February 7. The president opened the meeting, then welcomed the president, secretary and other members of the Kimmount branch who were present.

Mr. Burke reported on the bus for the trip to the Spring Flower and Garden Show, saying that the price would be \$9.00 per person; \$8.00 for senior citizens; this includes admission to the flower show; but anyone wishing to go would have to notify either Elizabeth Carrell at 286-2228 or Cliff Burke at 286-1318 for their tickets by February 18, at the latest. This is so they will know what size bus is needed. Several projects were mentioned for spring and it is hoped that some will soon be started.

A start was made on the gardening library when several books were donated by Mrs. Hobbs; these books can be borrowed by the members for reading.

The secretary then read the official birth announcement of the Minden branch, which is as follows:

to Minden and District on or about November 1, 1977 a husky 200? member new Horticultural Society proud mother (president) Elizabeth Carrell mid-wife - Irene Moore (secretary-treasurer) Box 2, Minden loving grandparents

District four In lieu of booties, please send program notes This was printed in the Christmas newsletter which goes to all Horticultural societies in Ontario. The Minden members had a good laugh over the announcement. A film of the 1976 flower show was then shown and was a very beautiful display. There was a draw on a begonia which was won by Irene Moore who will provide the plant for the draw at the March 7 meeting, at 7:30 p.m., same place.

Kinsmen News

The Haliburton Kinsmen handled the Snowmobile races during the recent winter carnival under the chairmanship of Pat Kennedy.

The Kinsmen Club of Haliburton would like to thank the following people for making the races a success:

Haliburton Machine Shop
Tripp Construction
Labatt's of Canada Ltd.,
Haliburton Ambulance Service
Haliburton County Echo
Curry Motors
Haliburton County Snowmobile Association
Harold Broadhagen
Gord Brown
Murray Cowan
Kim Emmerson
Bob English
Roy Burk

And all the other people we hoped we hadn't missed, but likely have.

There were so many people who donated time, equipment or services that it is impossible to list everyone - but we thank everyone.

Comments we received from the Racers themselves indicate that they had a good time and they are definitely returning for next year's Carnival.

Reeve Murray Fearrey is shown cutting the ribbon to officially open the new Mike's Milk store in the Haliburton Mini Plaza last Friday morning. The new building includes Mike's Milk, and Medley's Pizza on the main floor and the lower level will include the Dilli-Delli Delicatessen, the office of J.H. Tapp, Chiropractor, and the office of Paul Dowdall, Optometrist shown in the photo from left are Wendy Wells, sale clerk, Mike Vuksic and his wife Clara, the owners, and their son Johnny.

Municipality of Dysart et al - Haliburton, Ontario

TENDER CALL

Tenders will be received until February 28, 1978 at 5:00 P.M. for the supply of One 1978 Model Diesel Tandem Truck, complete with Contractor's Dump Box and Snow Plow Harness.

Specifications may be secured at the Municipal Building, Maple Avenue, Haliburton, or by contacting the Road Superintendent, Howard Roberts, at the Municipal Garage, Hwy. 519, Haliburton, Ontario.

Lowest or any tender not necessarily accepted.

Wayne B. Wood, A.M.C.T.,
Clerk-Administrator

Chatting

If it had not been that the nights have been so cold, one would think that Spring is on the way. The sun is so warm, the roads are so sloppy, it seems more like April than February. I'm sure we will pay for all the lovely weather before long. I just hope it isn't waiting until we get started at our gardens and flowers.

Recent visitors with Mr. and Mrs. Phil Robinson were their son Bradley of London and Bill Hart of Woodstock.

Don't forget that the Rotary Bingo starts again at Minden Community Centre on Thursday, March 2nd, with bigger prizes.

We were very sorry to hear that Mr. Gerald Welch, who is the son of Mrs. Edith Welch, now living in Florida has been in Tallahassee Memorial Hospital for some time, because of a severe heart attack.

Did you know that a pie with meringue should be cooled at room temperature, so that honey drops do not form on the top, the water that sometimes forms under the meringue is caused by overbaking, or poor blending of sugar, or cooling too fast.

Do you like surprises? I do especially when they are like

the one we had a week ago. Our elder son Corporal Garnet Moore of Clementsport N.S. arrived unexpectedly and stayed for a week with us. As it was two years since we had seen him, there was a lot to talk about; we even spent some time at Bracebridge with the Brydsons, then on Sunday before he went back, the Earl Birds and Alan Brydsons spent the day with us. Once a family is grown up and away it isn't often they are home at the same time; at least that is the way it is with ours. With one son on the west coast in the Navy and the other on the east coast in the Navy, it is many years since the family have all been home at the same time, so we are very glad when we can get our two daughters and either son

here together.

The Tim Harrison Memorial Midget Tournament last Saturday did not have as large a crowd as there should have been. Those who did not attend missed some excellent hockey as most of the games had very close scores and those who did go enjoyed it. The Brown Owl Restaurant came up with a very novel idea for their customers on Valentines Day. They had a draw for valentine cakes and the winners were Heather Harrington and Moyer Hewitt.

Mrs. A. Neiman (Louise Dollo) and children visited with her family over the weekend. They are from Oshawa.

Chatting

Winners at the mini card party last week were: cribbage - Vera Ward, Fred Wright; Bridge - Florence Cooper; Euchre - Lone hand a tie between Hilda Harrison and Alice Sedgwick, Alice Clark and Johanne Beattie.

Potato Soup is good on a cold evening and easy to make. 6 potatoes cut real small, onion cut up; just cover with water and cook until done, drain water off add seasoning and milk bring to a boil and thicken. Very good.

There was a bridal shower at the United Church last Monday evening for March bride, Sharon MacIntosh, everyone enjoyed the evening very much.

The regular meeting of the Women's Institute was held at the United Church hall on the afternoon of February 15. The president Mrs. Lyman Cox welcomed 24 members and 3 visitors. There was a minute of silence followed by the Lord's Prayer in memory of Mrs. H. MacMinn.

Mrs. Chris Lazier gave a very interesting paper on World Affairs 1977. Tickets were given out for the grocery box. This draw is for the new Library Fund. The next meeting will be at 2 p.m. in the Parish Hall, March 15. All ladies invited to attend. A gift was donated for a draw and this was won by Mrs. Pat Clarke. The ladies then enjoyed a delicious lunch served by the hostesses for February.

After winning two well played hockey games the juveniles let up last Sunday evening, so now they have to go back to Newcastle, Tuesday. Much as I would like to see the last game, I hope they finish up on Tuesday.

Adios and take care now.

NOTICE TO CREDITORS

NOTICE TO CREDITORS and Others In the Estate of Thomas Walter Brooke deceased, retired

All persons having claims against the estate of the above mentioned, late of the Township of Galway, in the County of Peterborough, retired, who died on or about the 25th day of October, 1977, are required to file proof of same with the undersigned on or before the 31st day of March, 1978, after which date the assets of the estate will be distributed having regard only to the claims of which the undersigned shall then have notice.

Future role of the small hospital

The Ontario Red Cross Hospitals Board has announced the completion of a study to determine the effectiveness and future role of the ten small general hospitals operated by Red Cross in Ontario.

The study, prepared by health care consulting firm Agnew, Peckham and Associates, was commissioned by the Red Cross Hospitals Board and funded by the Ontario Ministry of Health. It is now in the hands of the Ontario Ministry of Health.

The recommendations contained in the study are to be presented to interested

groups in each community during late February and March. The presentations will be made by a group consisting of Ontario Red Cross Hospitals Board Chairman Mrs. Isabel Irwin, Hospitals Director Miss Helen Singer, and Ontario Red Cross Commissioner Barry Brooks.

The group will visit Haliburton on February 28, 1978.

Red Cross hospitals are located in Bancroft, Burk's Falls, Emo, Haliburton, Lion's Head, Mindemoya, Minden, Rainy River, Richards Landing and Thessalon.

Air Ambulance

From page 1

Two Toronto hospitals, Sunnybrook Medical Centre and the Hospital for Sick Children, each of which has a heliport on its roof, receive patients transferred in the air ambulance. Medical teams from each of the hospitals can accompany the flight crew to assist on the return flight. A special prenatal and neonatal team can be called in when women in labour are transported in the helicopter. Children under 15 are flown

to Sick Children's hospital, and other patients are taken to Sunnybrook.

The craft has a flying range of 200 miles, and will accept calls within a range of 80 air miles from Toronto (about 115 road miles). Though it has yet to land at Haliburton, the air ambulance has transported patients from Peterborough, Bancroft, Parry Sound and Muskoka, among other places. A fuel dump was recently established in Haliburton, as well as at Owen Sound and Kincardine, and it is expected this will increase the helicopter's effective range.

Decisions on whether a patient is seriously injured enough to need immediate evacuation by air ambulance can only be made by a doctor at either of the two hospitals, in consultation with a doctor at the scene of the emergency. Cost of the air ambulance service is the same as for a regular land ambulance transportation as far as the patient is concerned.

If and when the helicopter lands at Haliburton, the area will be cleared by police and local ambulance personnel, according to Wayne Wood.

"I think the air ambulance service is a great thing," Wood says. "The summer months is when it really will pay off for us". It could take hours to get to a Toronto hospital by land ambulance in mid summer traffic, he points out, but the air ambulance can have a critically ill patient in hospital in little more than an hour.

"I hope that we never have to use it," the Dysart clerk says, "but I'm sure glad it's there."

Fish safe

From page 5
inches in length can be eaten without restriction, no matter how large.

The latest information on mercury and chemical contaminants in sport fish sampled at 167 locations across the province will be available from the Ontario government in the spring, the Environment bulletin says.
